WARRIOR EQUIPMENT LIST

# 勇敢享受世界

BE BRAVE, EXPLORE BRAVELY

## ***BRAVE PEOPLE BRING THEIR OWN LIGHT***

ARCANE WARRIOR emerges from a reverence for courage.  
Every step proves that true adventure starts with unwavering conviction.

Join ARCANE WARRIOR to discover the charm of nature,  
whether it's rugged mountains, raging rivers, vast grasslands, or starry skies.

Courage is a way of life, a force to break boundaries and embrace freedom and exploration.  
We are warriors in our own lives, always surpassing our limits.

Seek splendor, adventure, beauty, and memories on your journey.  
Let the spirit of ARCANE WARRIOR accompany you, igniting courage and passion.

**A salute to the unyielding will, unquenchable passion, and enduring dream of heroism.**

**Let's explore the world bravely together!**

*Brand Story*

# 勇敢享受世界

BE BRAVE, EXPLORE BRAVELY

Founded in 2020, ARCANE WARRIOR was initiated by Gu Qi, aka ID Yueye Housheng, a seasoned off-road enthusiast and travel photographer. With a profound love for automobiles and a yearning for outdoor freedom, he established the "ARCANE WARRIOR" brand, which symbolizes outdoor enthusiasts who are as brave, resilient, and passionate as warriors.

ARCANE WARRIOR has redefined the automotive outdoor scene, pioneering a new realm focused on the design and development of automotive outdoor equipment. We provide professional gear for automotive outdoor enthusiasts, enhancing the expandability of vehicles and enriching the usage scenarios and experiences of outdoor life.

Our products are divided into vehicle expansion systems, vehicle storage systems, automotive camping systems, outdoor storage systems, off-road rescue series, clothing and accessories series, and cultural merchandise series. These products currently cover mainstream off-road vehicles, SUVs, pickups, and sedans, with a special emphasis on expanding the usage scenarios for new energy vehicle camping.

The rooftop platform series and the car-mounted canopy series of ARCANE WARRIOR have broken new ground, and with their innovative design and exquisite detailing, they have become mainstream choices in China, earning the favor of automotive outdoor enthusiasts. Our car-mounted canopy boasts a unique invention patent and pioneering automatic retraction series, making it a market hit.

ARCANE WARRIOR will continue to expand its product range, integrating cultural and aesthetic elements to enhance the experience of automotive outdoor enthusiasts and enable them to enjoy a better life.

We are committed to becoming a world-class Chinese original outdoor brand.

► VEHICLE EXTENSION SYSTEM

STORM  
SERIES

The next-generation Vehicle Extension Solution comes equipped with a flexible and adaptable loading system, enabling your car to adapt to various outdoor scenarios.

Integrated with various automotive extension products such as roof racks, pickup truck bed extensions, and ladder racks, it effortlessly enhances the usable space while ensuring robust load-bearing capacity.

This system redefines the standards for vehicle extensions, creating an exceptional journey for automotive outdoors.

The arrival of the STORM series marks the beginning of exploring the world, the determination to broaden horizons, and the courage to embrace limitless possibilities. Tailor-made for the adventurers who relentlessly pursue freedom and choice, ARCANE WARRIOR's STORM series effortlessly handles tasks ranging from carrying luggage, transporting equipment, to loading camping gear.

The STORM series is a wind blade that opens up a new journey, accompanying you through the fierce storms and challenges in the realm of automotive outdoors.

ULTRA RIDGE

The combination of spirit and bone; the confidence of will from the absolute; the easy confrontation in the face of extreme power; Toughness is never just lip service, it is the steel and iron bones that are still bold and unyielding after a thousand hammers and refines. The hard lines are the vivid texture of the fearless spirit in the sculpted life; if there is a wound after a hundred battles, it is also the 'golden blood'.

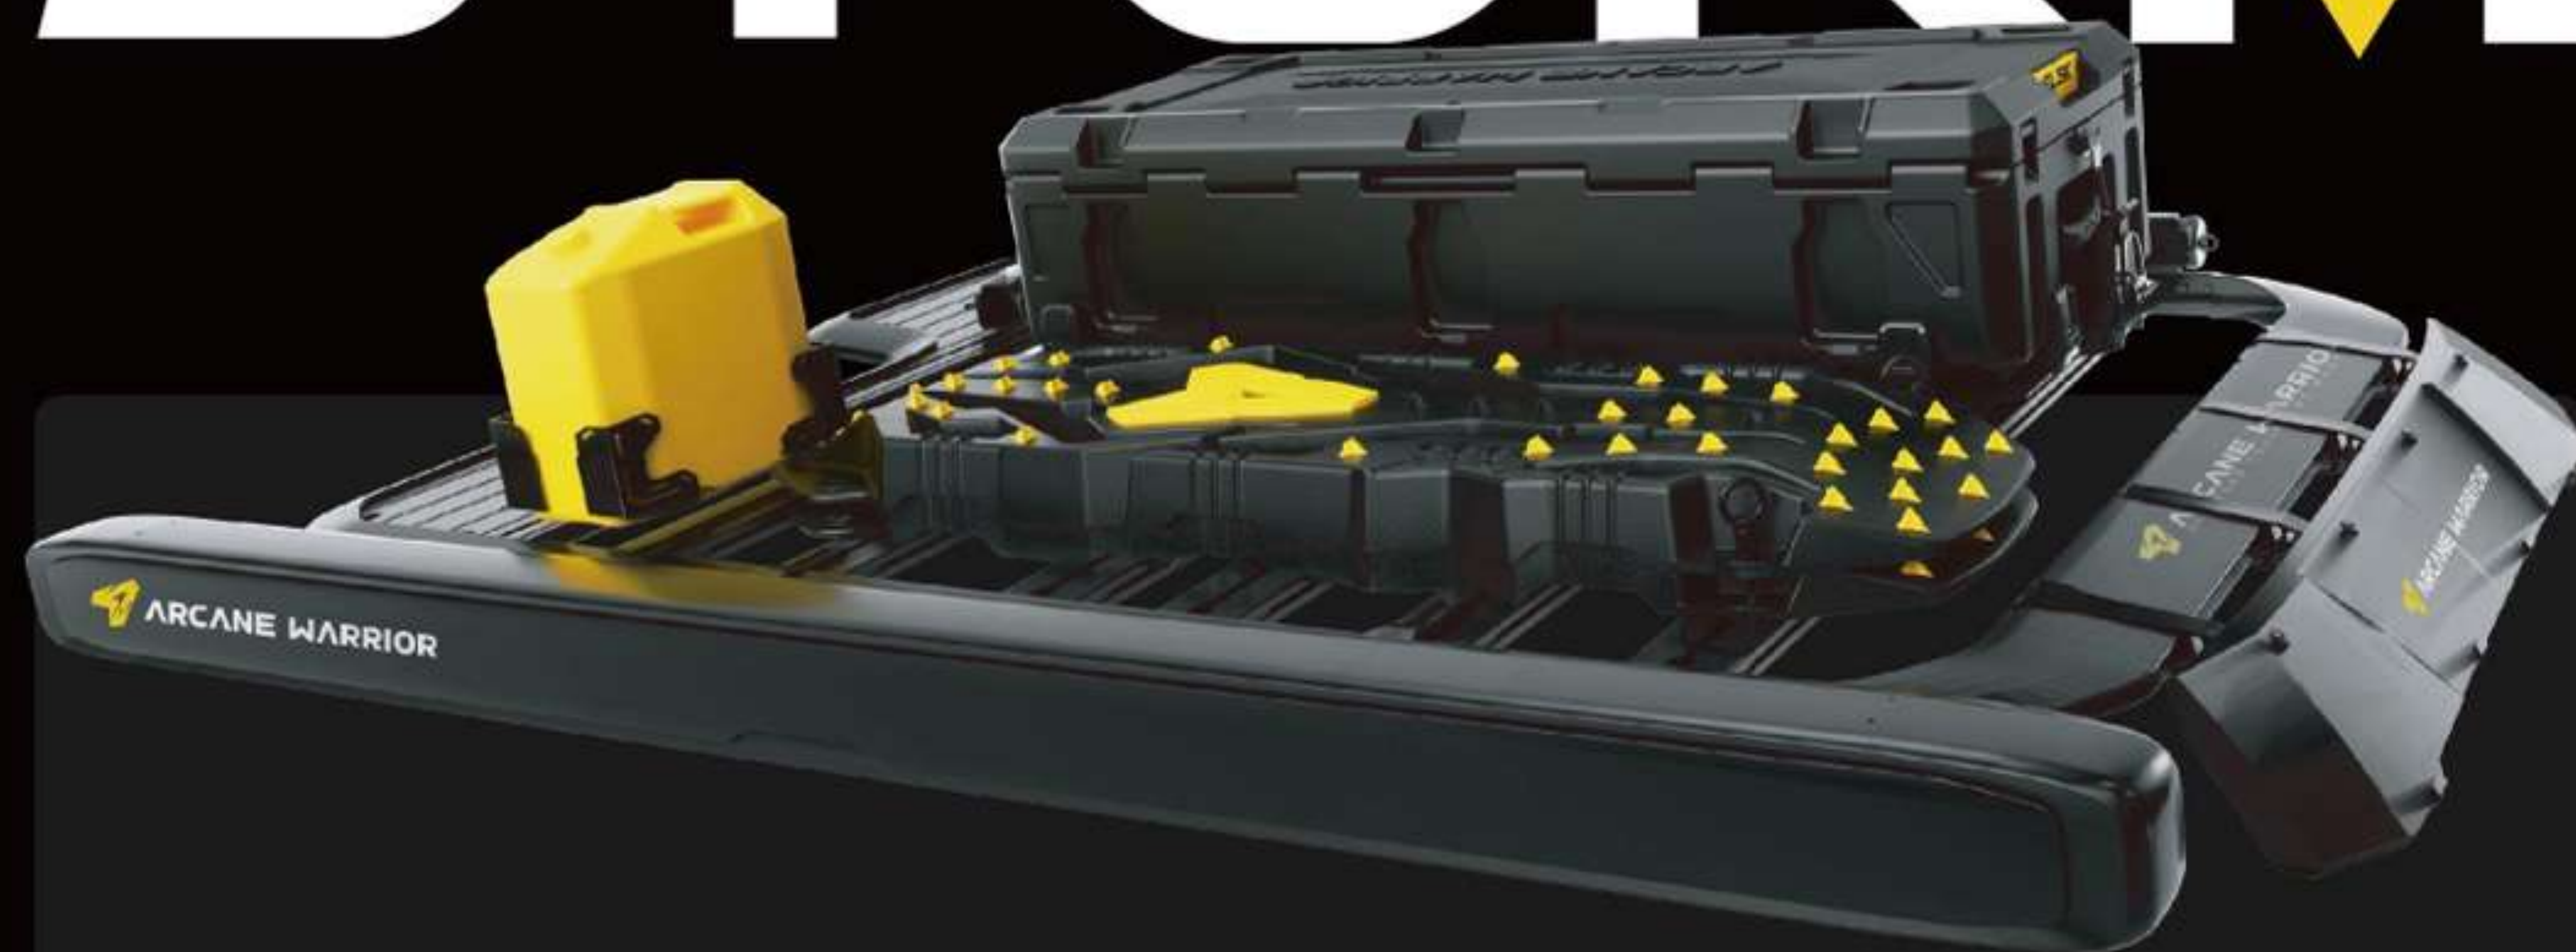

The "super steel spine" is always upright, never allowing even a second of submission!

VEHICLE EXPANSION

# STORM

## ROOF PLATFORM

The roof extension system grants new possibilities to emerging trends. We offer over a hundred compatible vehicle models, covering mainstream vehicles in the market, to meet the needs of different consumers. Moreover, our installation process requires no drilling, ensuring no damage to the original vehicle structure, achieving true non-destructive installation. To enrich your travel experience, we provide a wide range of platform extension accessories for your choice. These accessories are not only compatible with well-known brands like YAKIMA, RHINO-RACK, but also customizable to your individual needs. Whether it's a bike rack, snowboard rack, or luggage box, we have the perfect solution for you. The uniquely designed load-bearing crossbars can be freely moved to control the distance. This design not only ensures more stability when loading luggage, but also provides you with additional loading space. Made from high-strength materials, they can withstand the challenges of various harsh environments.

### "The Wings of the Wind Chaser"

It not just a brand totem, but the embodiment of the spirit of the wind. It represents elegance and freedom, agility and swiftness, as well as a powerful and thundering energy.

### Lightweight Craftsmanship, Solid Material

Integrated aluminum alloy pressure casting results in a high-strength yet lightweight product that not only ensures durability but also significantly reduces weight, leading to lower fuel consumption - over 60% lighter compared to traditional counterparts.

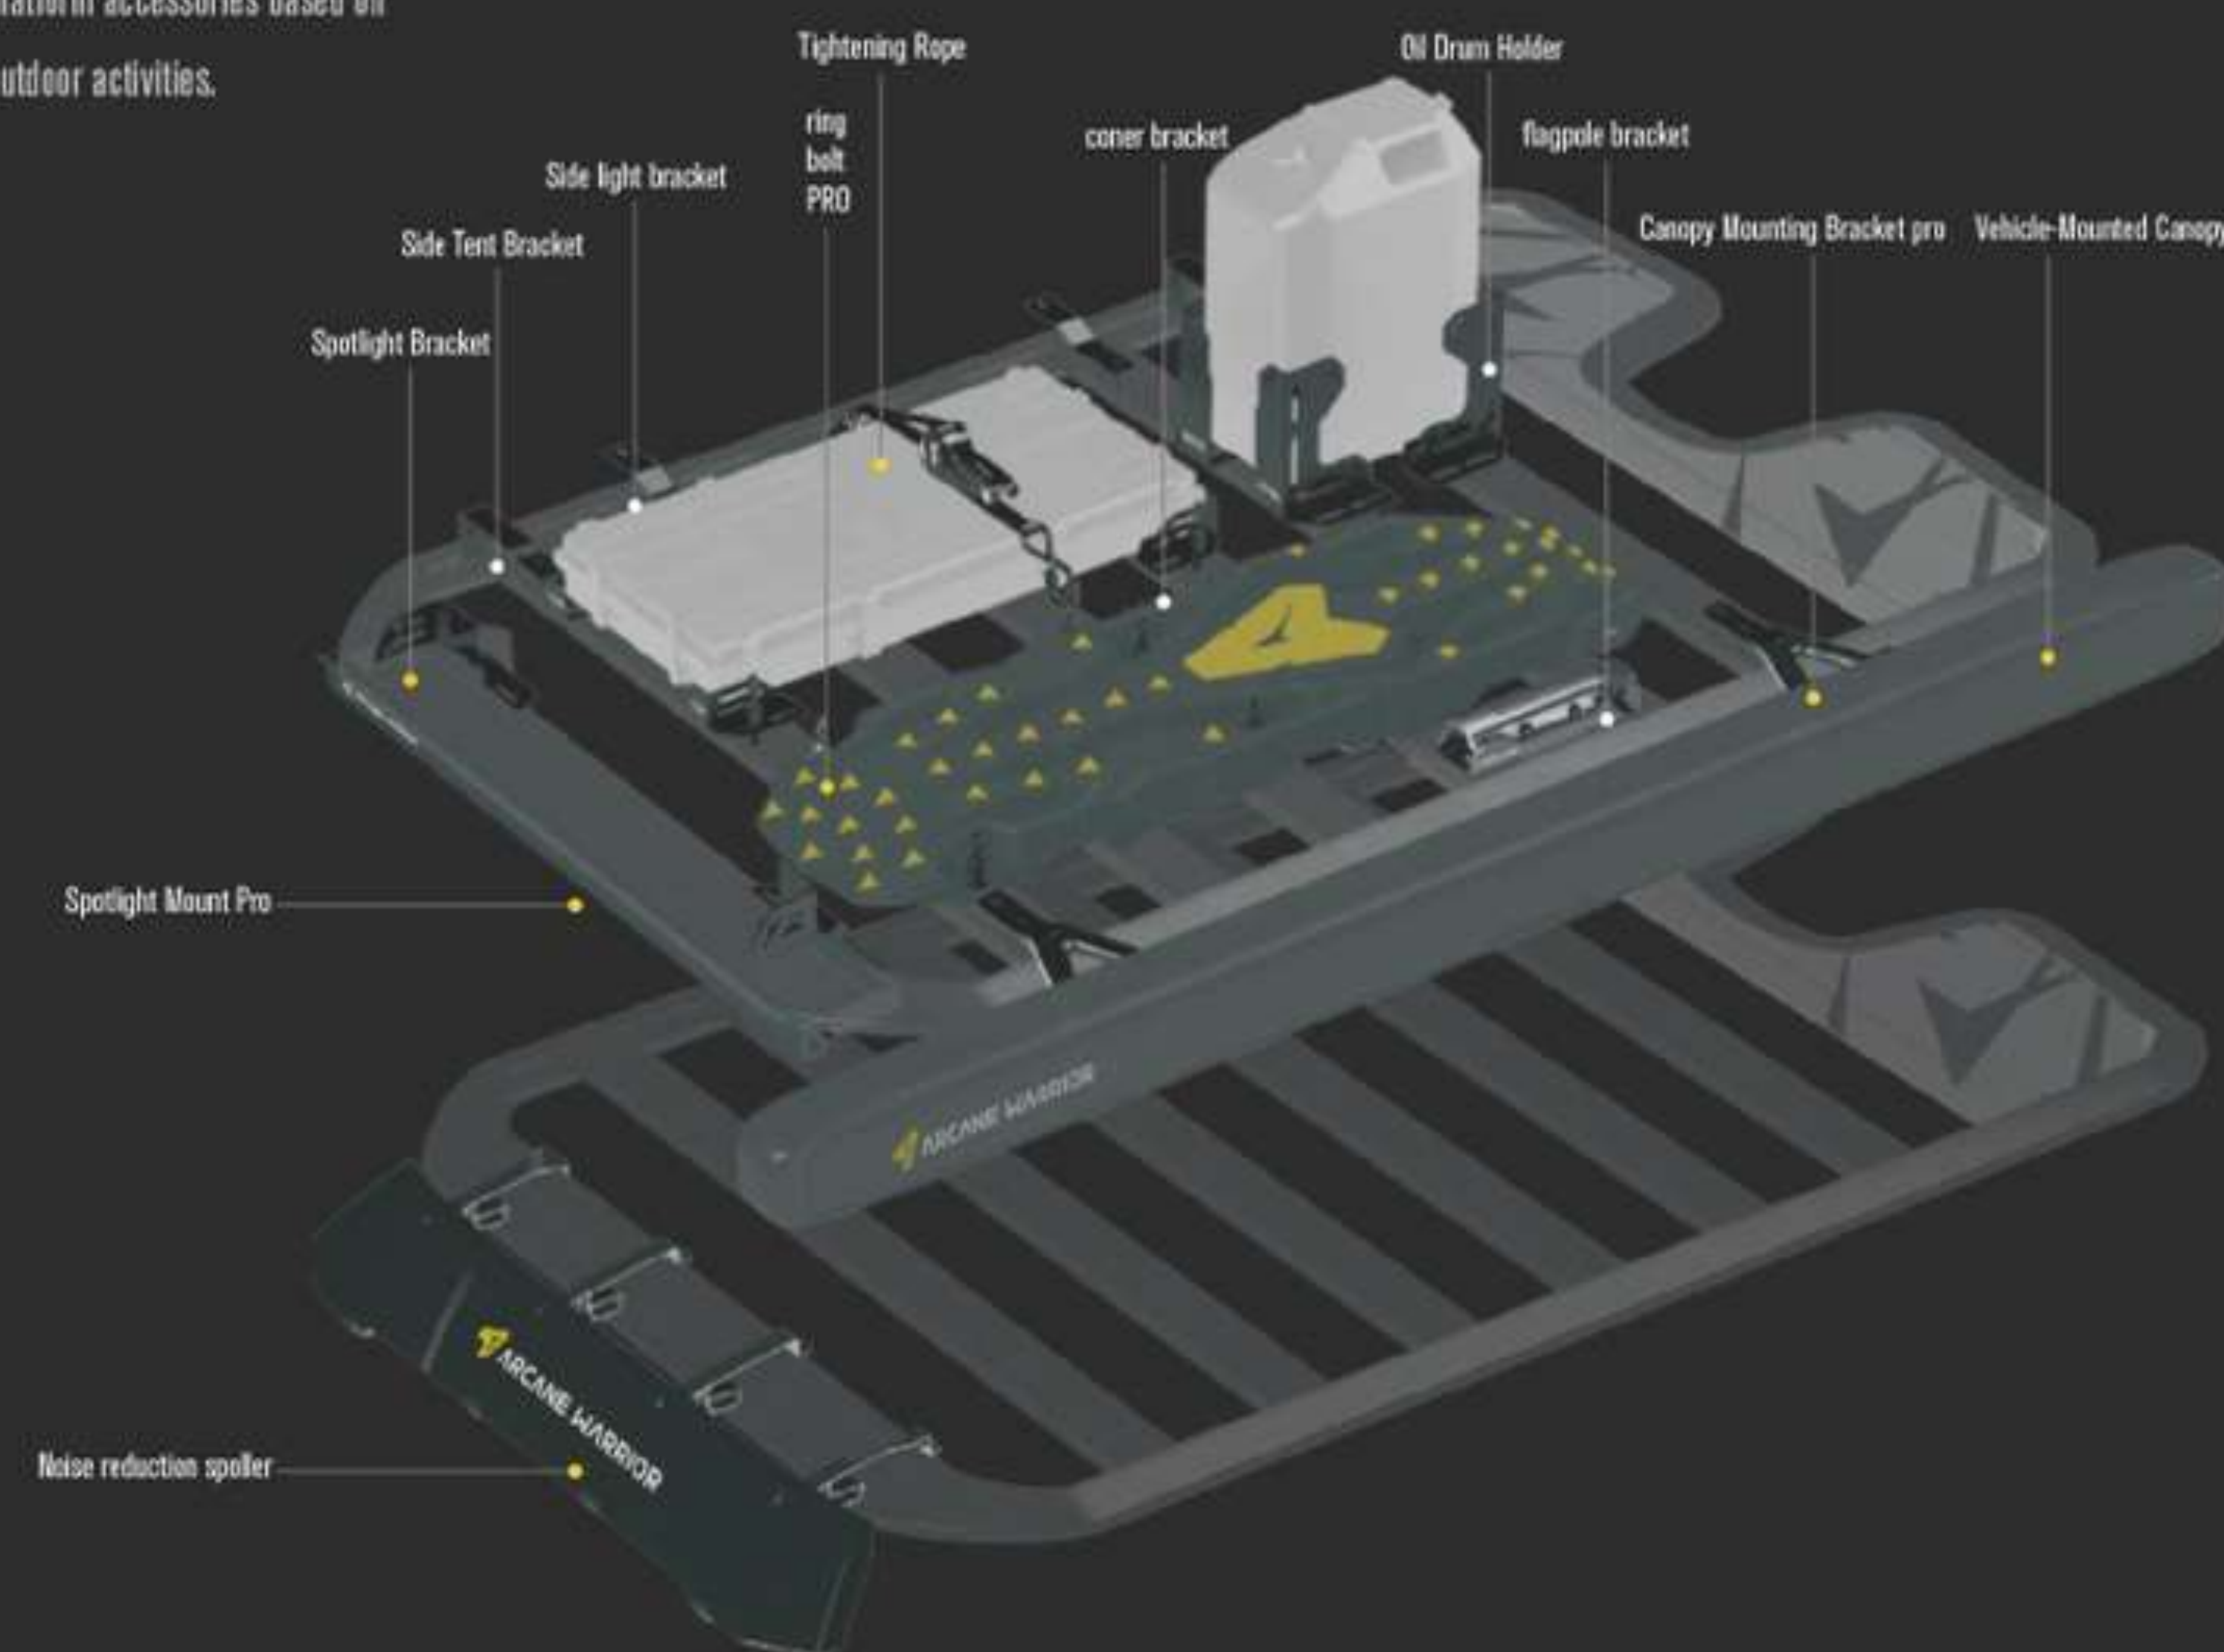

### Non-destructive Installation, No-drill Design

This design ensures no damage to the roof, preserving its original state. It helps protect the roof from further damage or corrosion, extending the lifespan of your vehicle.

## 1+N Extensive Expandability

Choose from a wide range of platform accessories based on your needs to satisfy various outdoor activities.

### Compatibility: Roof Tent

### Compatibility: Fishing Gear

### Compatibility: Snowboard

### Compatibility: Shovel Holder

### Compatibility: FURY Water Tank

### Compatibility: Bicycle Carrier Rack

### Low Wind Noise, Low Drag Resistance

With an ultra-slim and streamlined design on top and a built-in air spoiler underneath, it excels in controlling wind noise, achieving lower drag resistance, and ultimately saving energy consumption.

### Dedicated Vehicle-Specific Base

Specifically designed for each model, it provides a closer fit, higher strength, and enhanced aesthetics.

## ► Accessories Compatibility

Choose from a wide range of platform accessories based on your needs to fulfill diverse outdoor requirements.

### Noise Reduction Spoiler

Reduces wind noise on the roof, enhancing ride comfort.  
Resistant to UV rays, fading, and aging. Unique three-dimensional design that sets it apart from similar products on the market.

### Flagpole Bracket

Supports in 1 second, quick disassembly in 2 steps  
Occupies minimal space on the roof platform  
Quick storage, compact size, lightweight.

### Ring Bolt

Secured through pre-cut slots on the platform, it can be used with tightening straps to increase anchor points for securing other brackets.

### Corner Brackets

Optional accessories for the multifunctional roof expansion platform. Used to secure equipment boxes, jerry cans, etc.  
The four corners require fixing with circular bolts.

### More Compatible Accessories

#### Drawstring

For use with bound gearboxes or other roof boxes

#### Spotlight Bracket

General market commonly used spotlight models

#### Spotlight Bracket Pro Version

For PIAA S-RF 40 Spotlights only

#### Side Light Bracket

Spotlights can be mounted on both sides of the platform

#### Oil Drum Holder

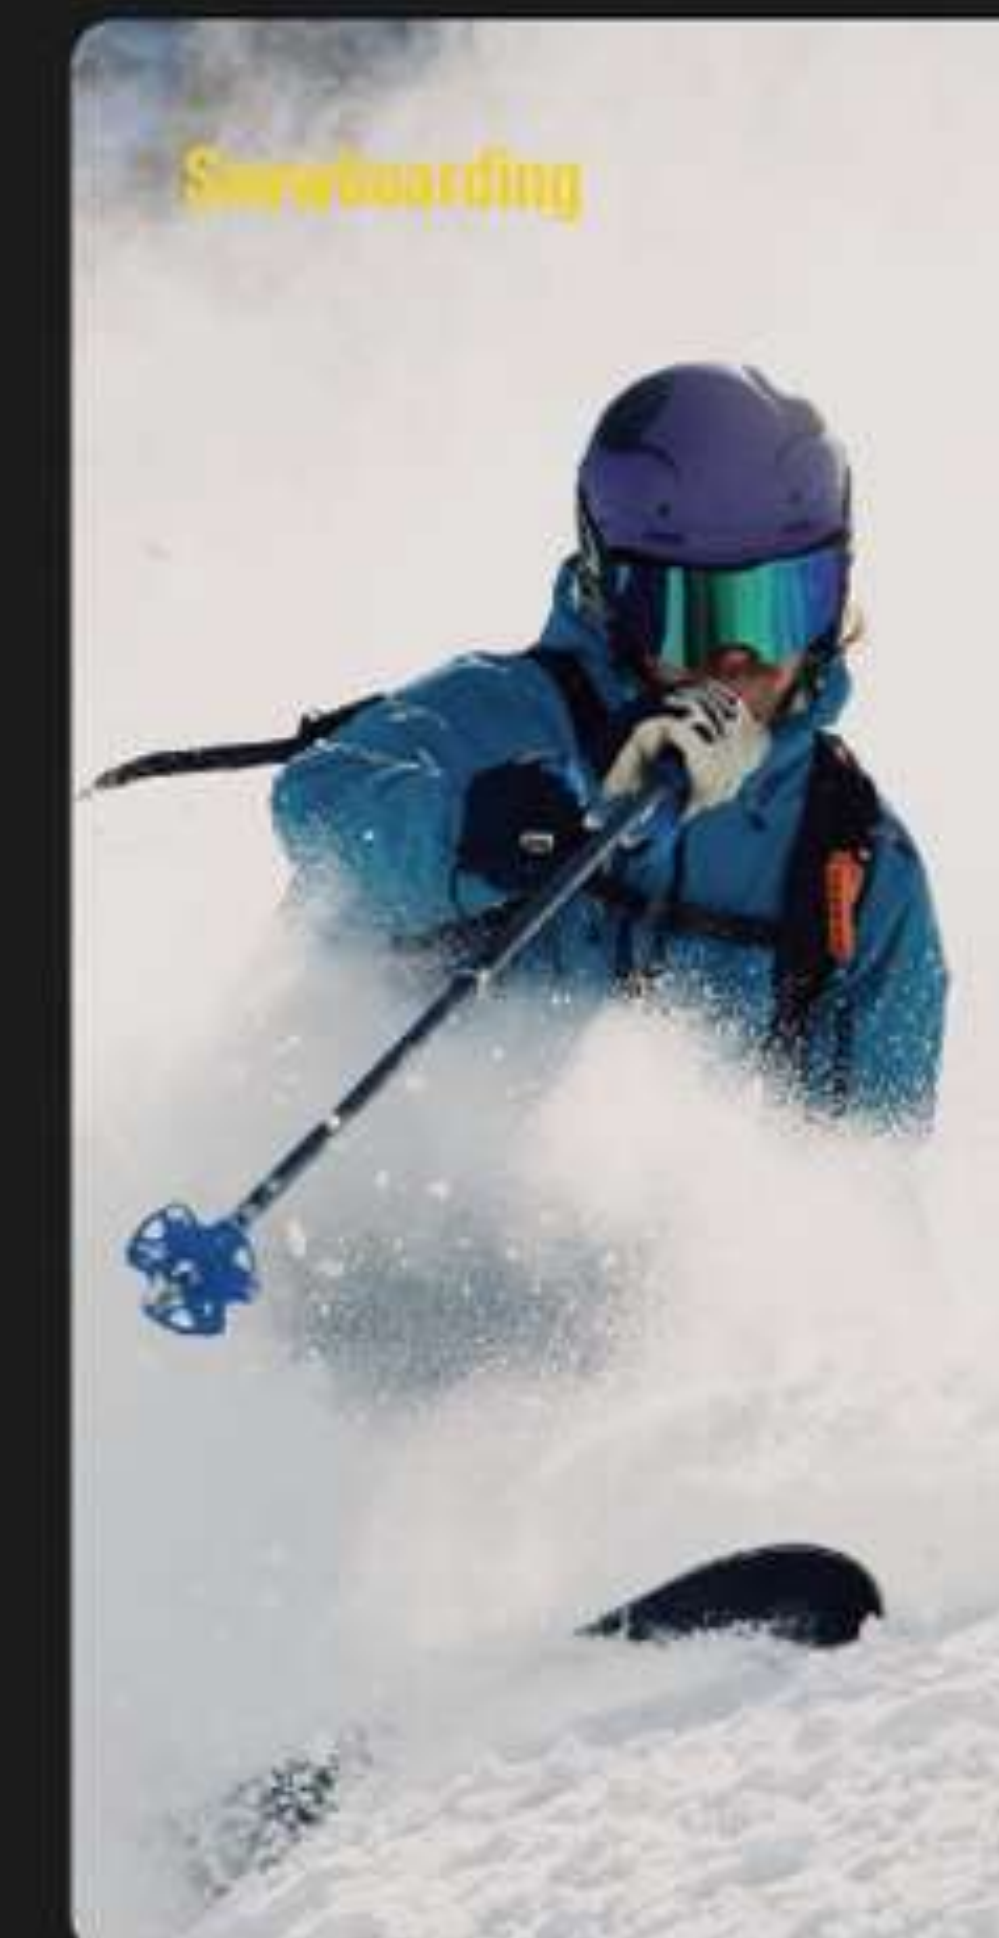

Holds oil drums or other items above the platform

#### Side Tent Stands

Holds the most common side tent models on the market

## ► Compatible with Market Accessories

Easily carries bicycles, fishing gear, tents, equipment boxes, snowboards, and other necessary outdoor off-road gear, reducing the burden on the trunk.

# STORM

## CAR ROOF LADDER

The STORM roof ladder is an extremely convenient way to get on top of the vehicle and functions perfectly with the STORM roof platform, making it the perfect accessory for this platform.

## ULTRA RIDGE

### TRUCK RACK SYSTEM

The "ULTRA RIDGE" Pickup Truck Rear Rack, as another carefully laid out work of ARCANE WARRIOR in the field of pickup trucks, not only fully meets the diversified needs of many pickup truck enthusiasts in terms of product functions, but also completely subverts the face value. The Pickup Truck Rear Rack is not only functional to meet the diversified needs of pickup truck drivers, but also completely overturns the traditional design of Pickup Truck Rear Rack in terms of appearance. With rich expansion functions, it can be easily installed with other series of ARCANE WARRIOR products, and can carry outdoor tents and outdoor equipment boxes without any pressure. In the future, ARCANE WARRIOR will continue to develop more practical expansion accessories.

New Design Language

Toughness, never just talk, but after a thousand hammers and refinement of any bold and unyielding steel. The hard lines are the vivid texture of the fearless spirit in the carving life.

“ULTRA RIDGE” will always stand upright! Never allow even a second of submission.

ADC-12 Aluminum Die-Casting

Lightweight aluminum alloy with corrosion-resistant surface treatment for longer service life. Maintains durability and stability in harsh environments.

Multiple Fixed Points

Ensure that the load is firm and stable and remains secure even in rough terrain.

Easy Installation

Simple steps, solid load bearing, fits most pickup trucks.

Precise Adjustment

Equipped with a scale for easy and precise adjustment.

## ► AUTOMOTIVE CAMPING SYSTEM

The Agile Camping (AC Series) automotive camping system, for ARCANE WARRIOR, is not just a combination of products, but a complete ecosystem. It covers a comprehensive range of needs from selecting a campsite, configuring camping equipment, to optimizing the camping experience.

ARCANE WARRIOR is committed to creating a safe, comfortable, and convenient outdoor living environment for users through its automotive camping system, allowing them to find a quiet corner in the busy pace of life, coexist harmoniously with nature, and experience true outdoor living.

## HARDCORE

HARDCORE embodies bravery, courage, and determination. It will take you on a thrilling ride in the automotive outdoor realm, unleashing your passion without restraint or convention! Let HARDCORE guide us through every inch of the automotive outdoor world, relentlessly moving forward with a never-ending spirit of enterprising and perseverance.

Transcending boundaries and constantly pursuing the freedom and exploration in your heart is the driving force behind ARCANE WARRIOR's forward progress.

## LANDING

LANDING is the beginning of a turning point, an attempt into the unknown, a pursuit of the peak, and the sound of breathing in the midst of utter silence.

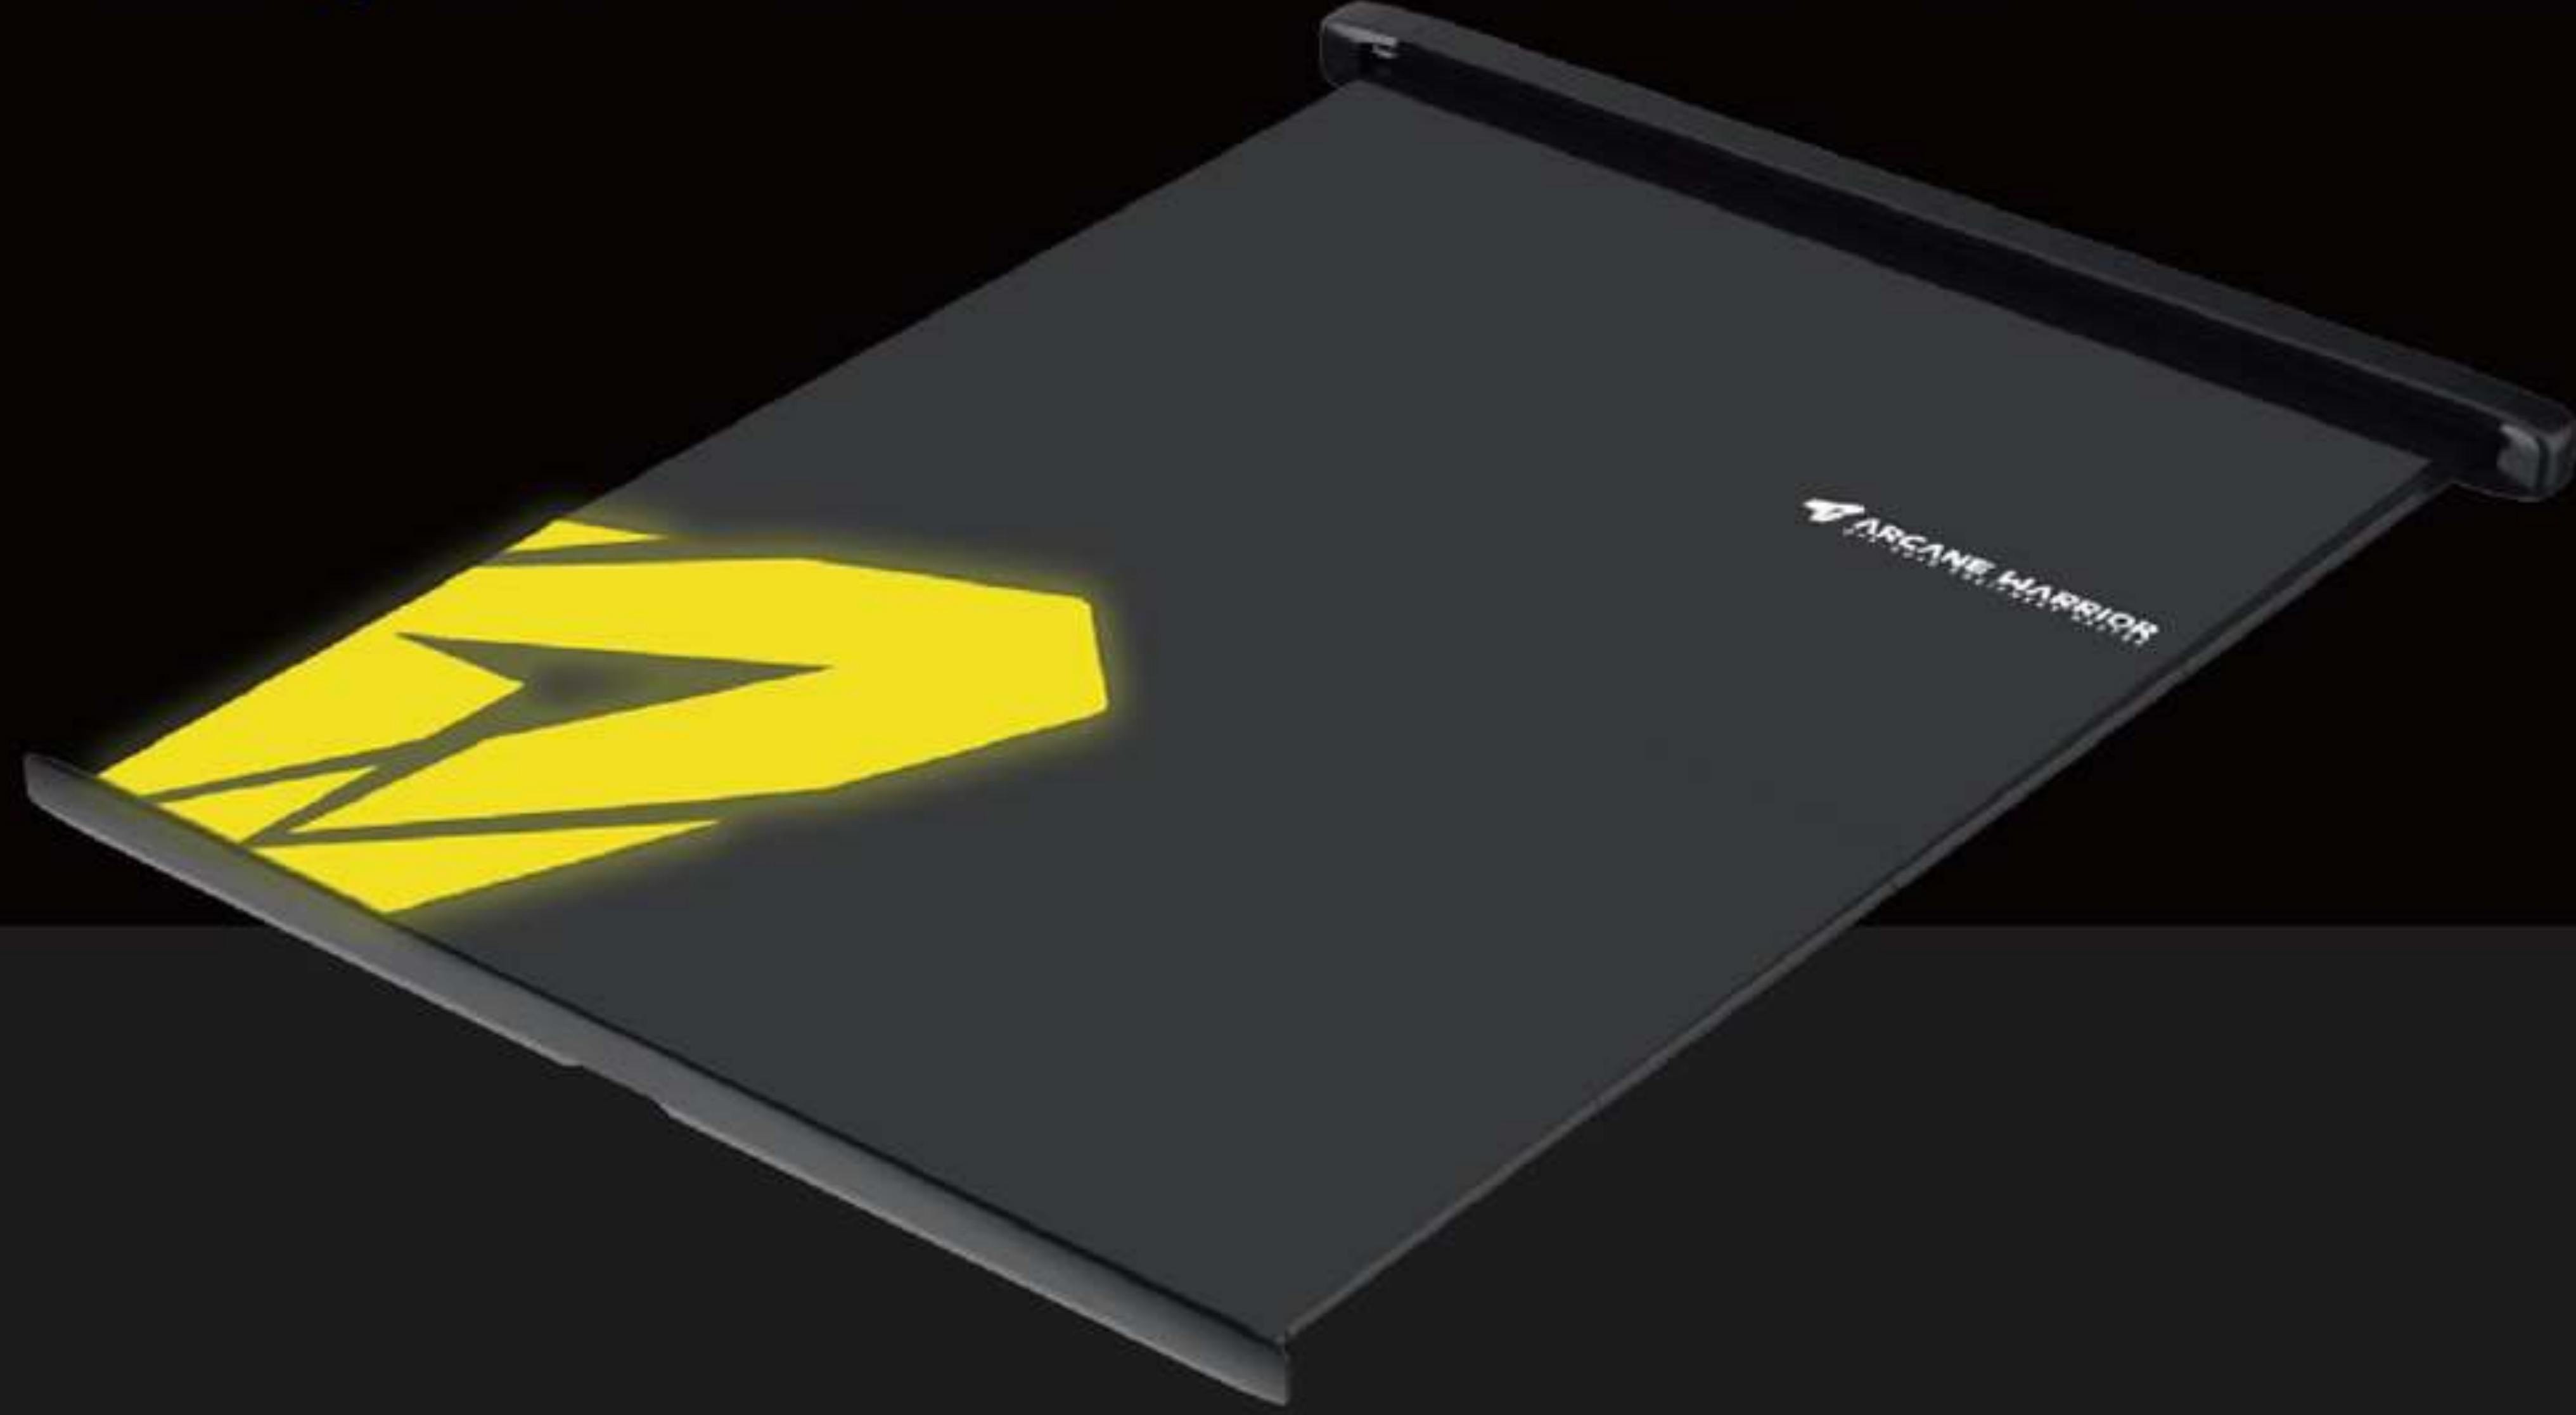

LANDING is ARCANE WARRIOR's understanding and interpretation of the automotive outdoor field in 2023, constantly exploring with reverence.

The design of the LANDING series of products originates from ARCANE WARRIOR's aspiration for inner freedom and a desire for continuous challenges. It is also aimed at providing a more comprehensive equipment system and a more comfortable outdoor experience for action-oriented and pragmatic individuals like us.

## CAR CANOPY

The HARDCORE series of car-mounted awnings, as a patented product of ARCANE WARRIOR, has been warmly pursued by outdoor enthusiasts since its launch in 2022, with sales exceeding 20,000 sets.

Its unique design fused with high-quality materials not only demonstrates the brand's dedication to detail and quality, but also provides an unparalleled luxurious experience for every outdoor camping trip. Whether it's in the mountains, lakes, oceans, grasslands, or deserts, simply install the awning to create your own exclusive outdoor space, making every trip a memorable experience. Join the HARDCORE awning on your adventures to enjoy the beauty of nature and the fun of the outdoors.

### 5-second Quick Set-up and Take-down

Bid farewell to complicated procedures and achieve rapid retraction  
Ensuring thousands of smooth and effortless set-ups and take-downs

### With a Gentle Snap, It Automatically Locks

Securely locked, no fear of the cover popping open on bumpy roads.

### Compatible with Expandable Curtains

Breaking the Traditional Side-Curtain Design, Reducing Wind Noise and Drag  
Aerodynamically Designed, Compatible with the AW-STORM Series Platform

## CAMPING ECOLOGY

### ► Canopy Ecosystem

The HARDCORE car-mounted canopy exhibits four expansion forms, fulfilling your ultimate needs for car camping. In its original form, it is natural and pure, with outstanding outdoor performance to meet basic camping needs. With the addition of the expandable canopy set, space is extended for a more intimate experience. The 270° panoramic canopy expansion tent provides all-around protection, immersing you in the outdoors. The combination of the tent and curtain creates a unique camping atmosphere. Each form showcases your exceptional taste, making your car outdoor camping even more exciting.

## ► Excellent Sun Protection Performance

One-step outdoor sun protection, improved Waterproofing, and strengthened sunscreen effect.

### Material

300D polyester soft fabric with PU in-silver and DWR water repellent treatment, designed to handle various common weather conditions. The curtain is resistant to shrinkage and fading, smooth, wrinkle-free, and easy to store.

### 黑胶更防晒

Vinyl Version  
Enhanced Sun Protection Factor UPF Increased by 20%, Upgraded abrasion resistance/anti-mold

In-Silver Version  
Basic Sun Protection for Multi-Scene Applications, Sturdy Structure/Quick and Easy Setup/Fast Pack-Up

### Enhanced Water Resistance

Vinyl Version  
Waterproof Rating of 3000mm+

In-Silver Version  
Waterproof Rating of 2000mm+

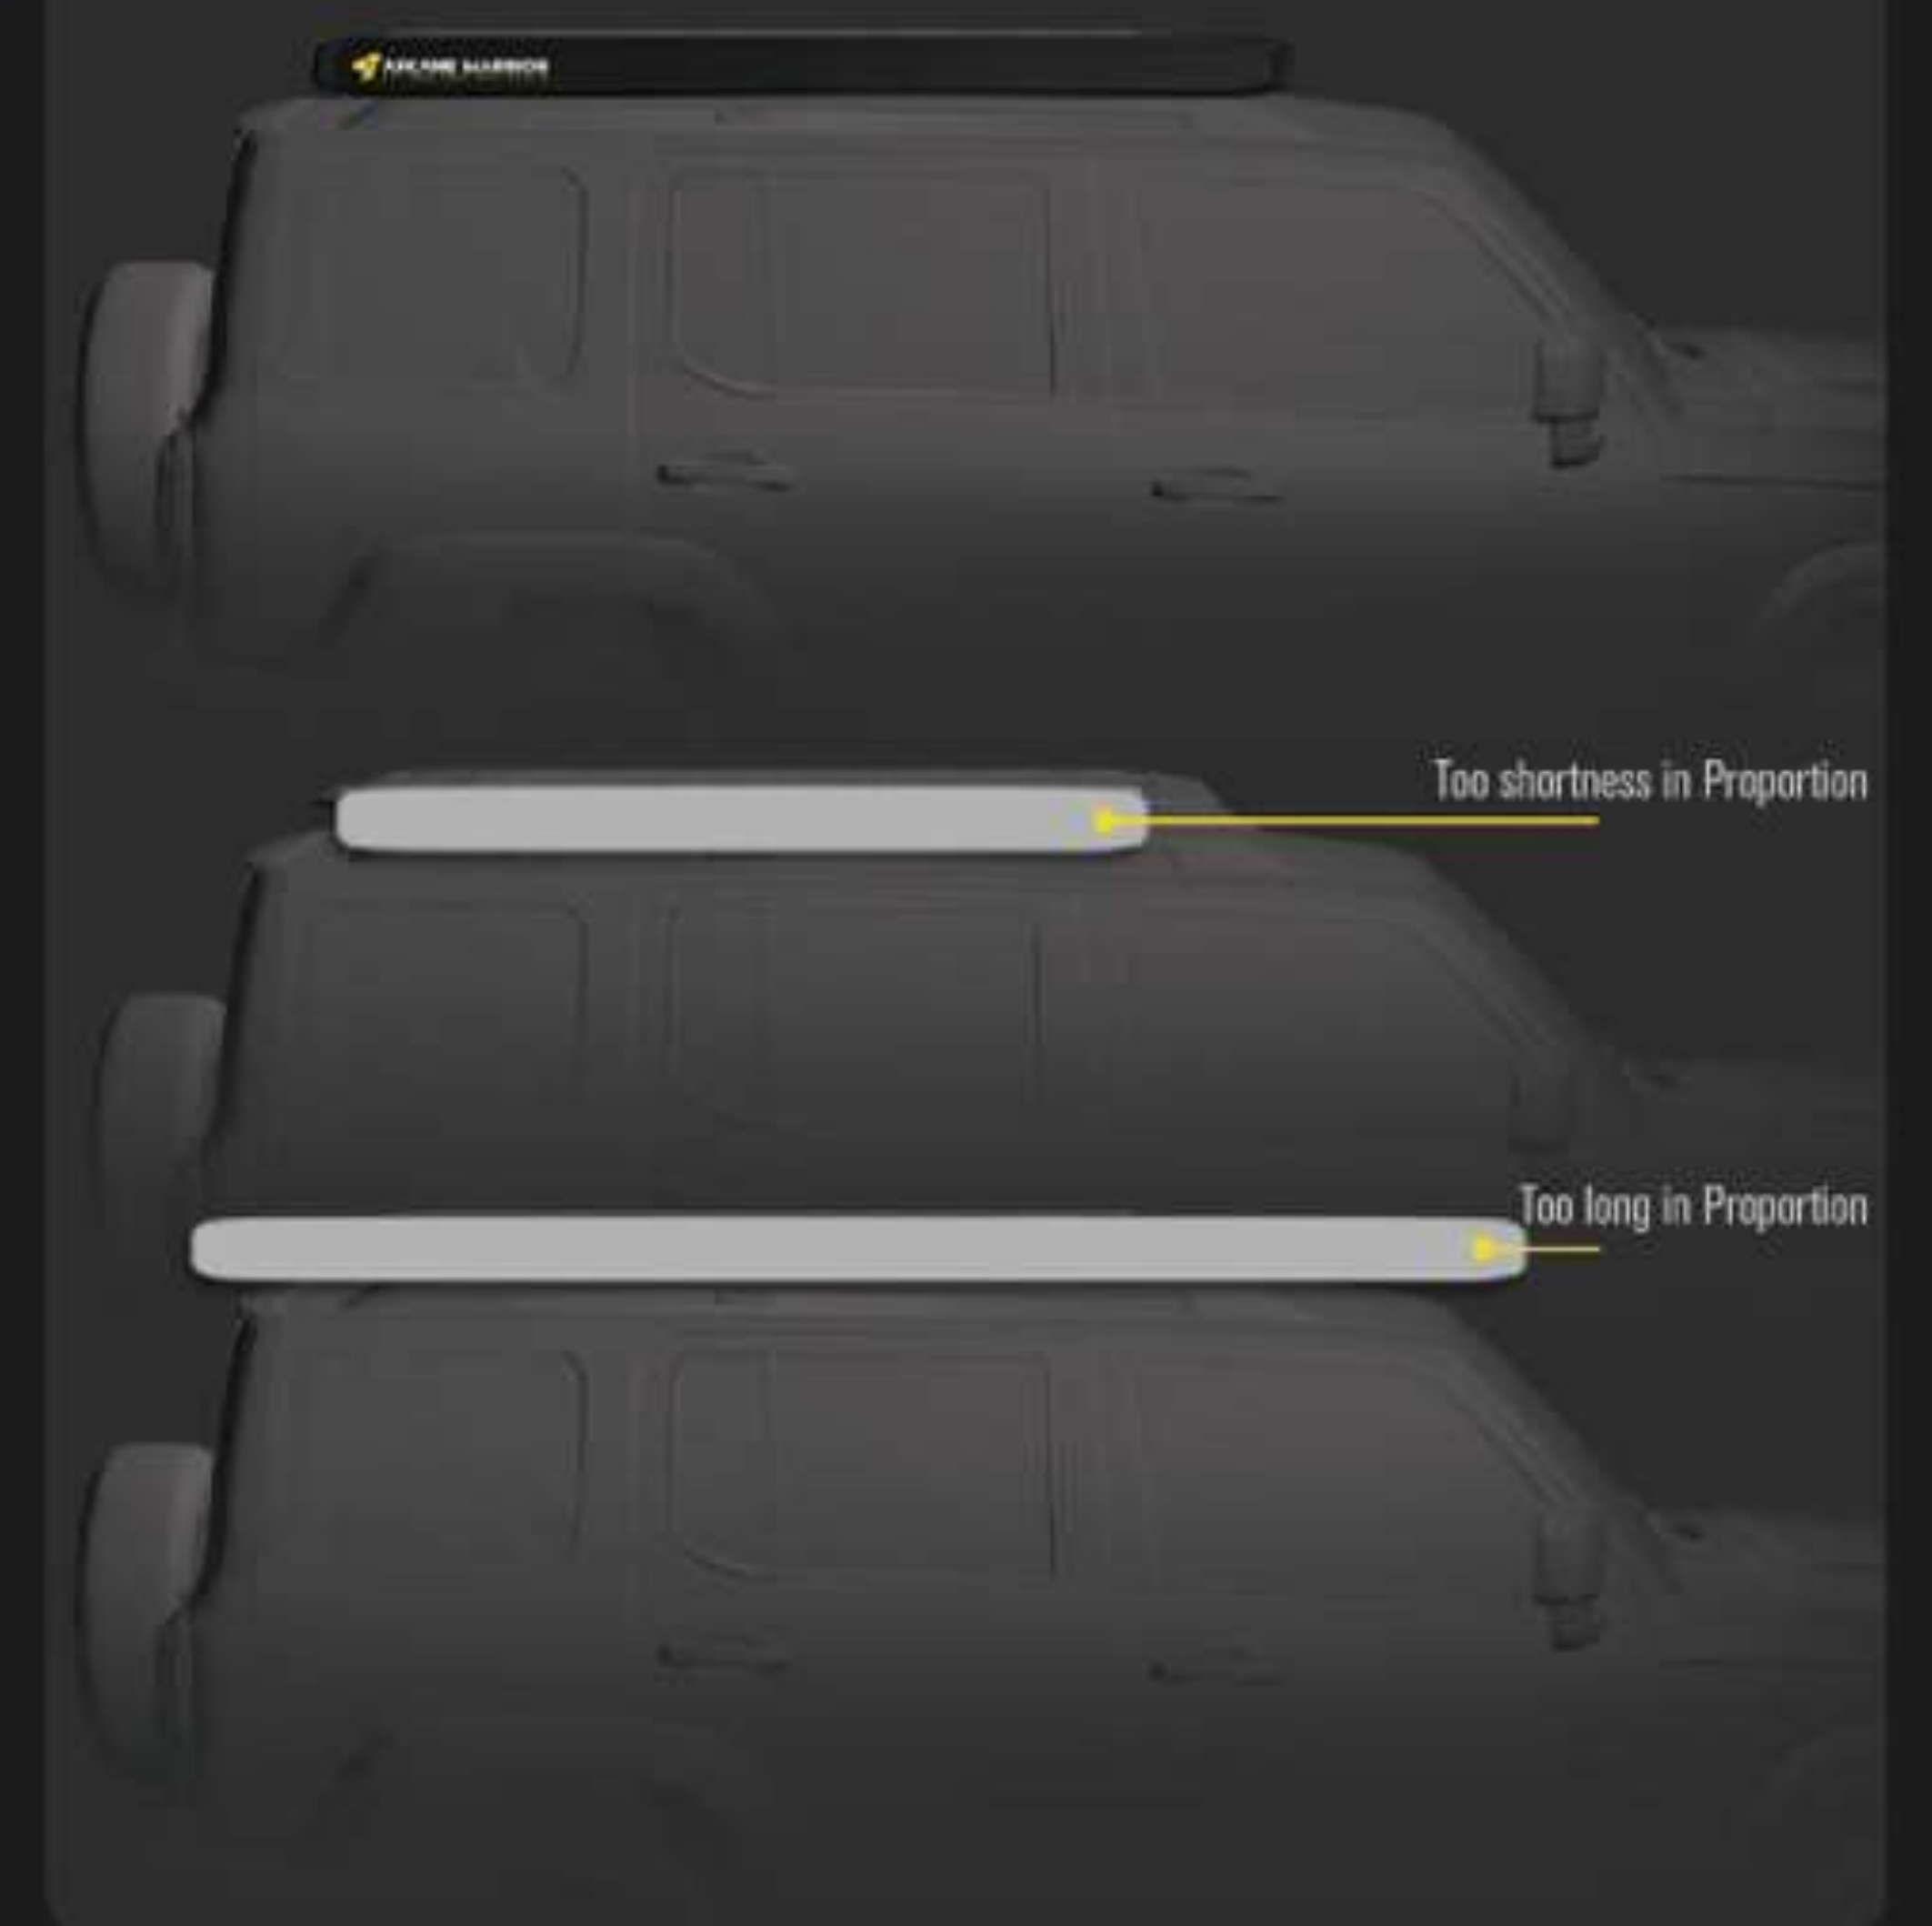

## Rugged Housing, Same Inside And Out

The main body is crafted from AL6063-T5 aviation aluminum alloy and ADC12 die-cast aluminum with powder coating, ensuring high toughness, corrosion resistance, and superior durability.

## Compatible with 1000+ Car Models

Suitable for different car models, requiring installation brackets tailored to specific vehicles.

# HARDCORE

## 270° EXPANSION CURTAIN

The 270° Panoramic Sky Extension Tent is specifically designed for automotive outdoor life, elevating your on-the-road experience to a whole new level. With a modern and dynamic black-and-yellow exterior, it perfectly complements the ambiance of outdoor adventures. The 270° panoramic design allows you to enjoy the boundless beauty of nature from within your vehicle, as if merging with nature itself. Quick to set up and sturdy in durability, it provides a safe and comfortable resting space for your outdoor adventures. Whether it's a long-distance road trip or a weekend camping trip, this tent is an indispensable outdoor companion, making your automotive life even more exciting and vibrant.

### Multiple Tent Modes for Versatile

Camping Switch between various modes to satisfy different outdoor camping needs.

Fully Enclosed Mode

270° Panoramic Mode

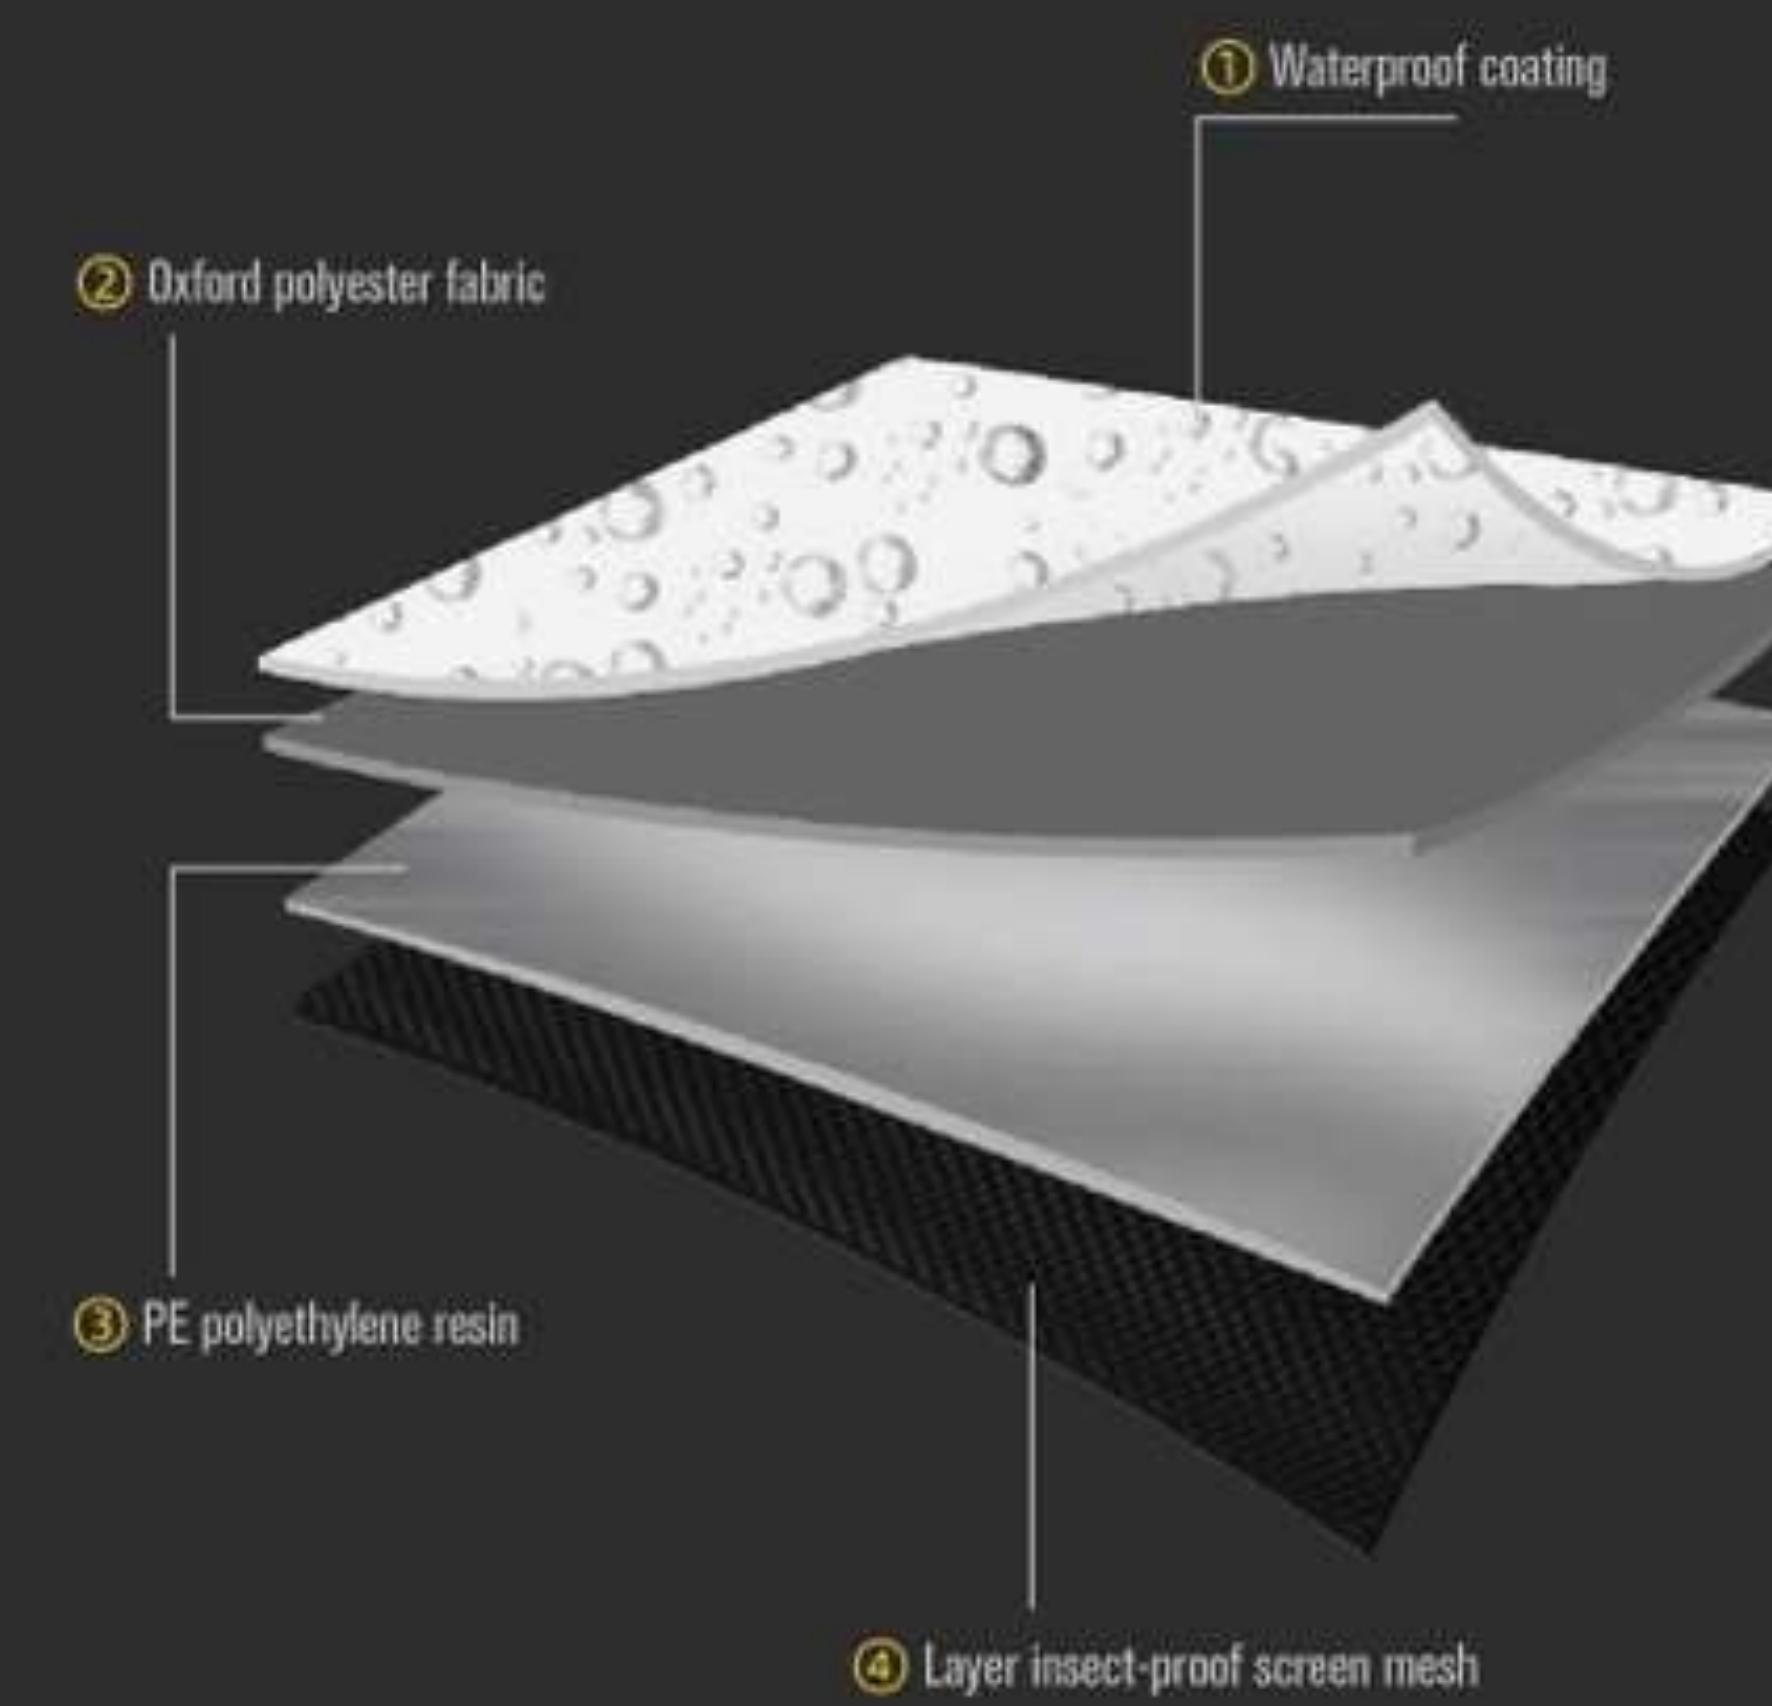

Insect-Proof Screen Mode

Mobile Suite Mode

### Multi-Layer Fabric/Fully Waterproof

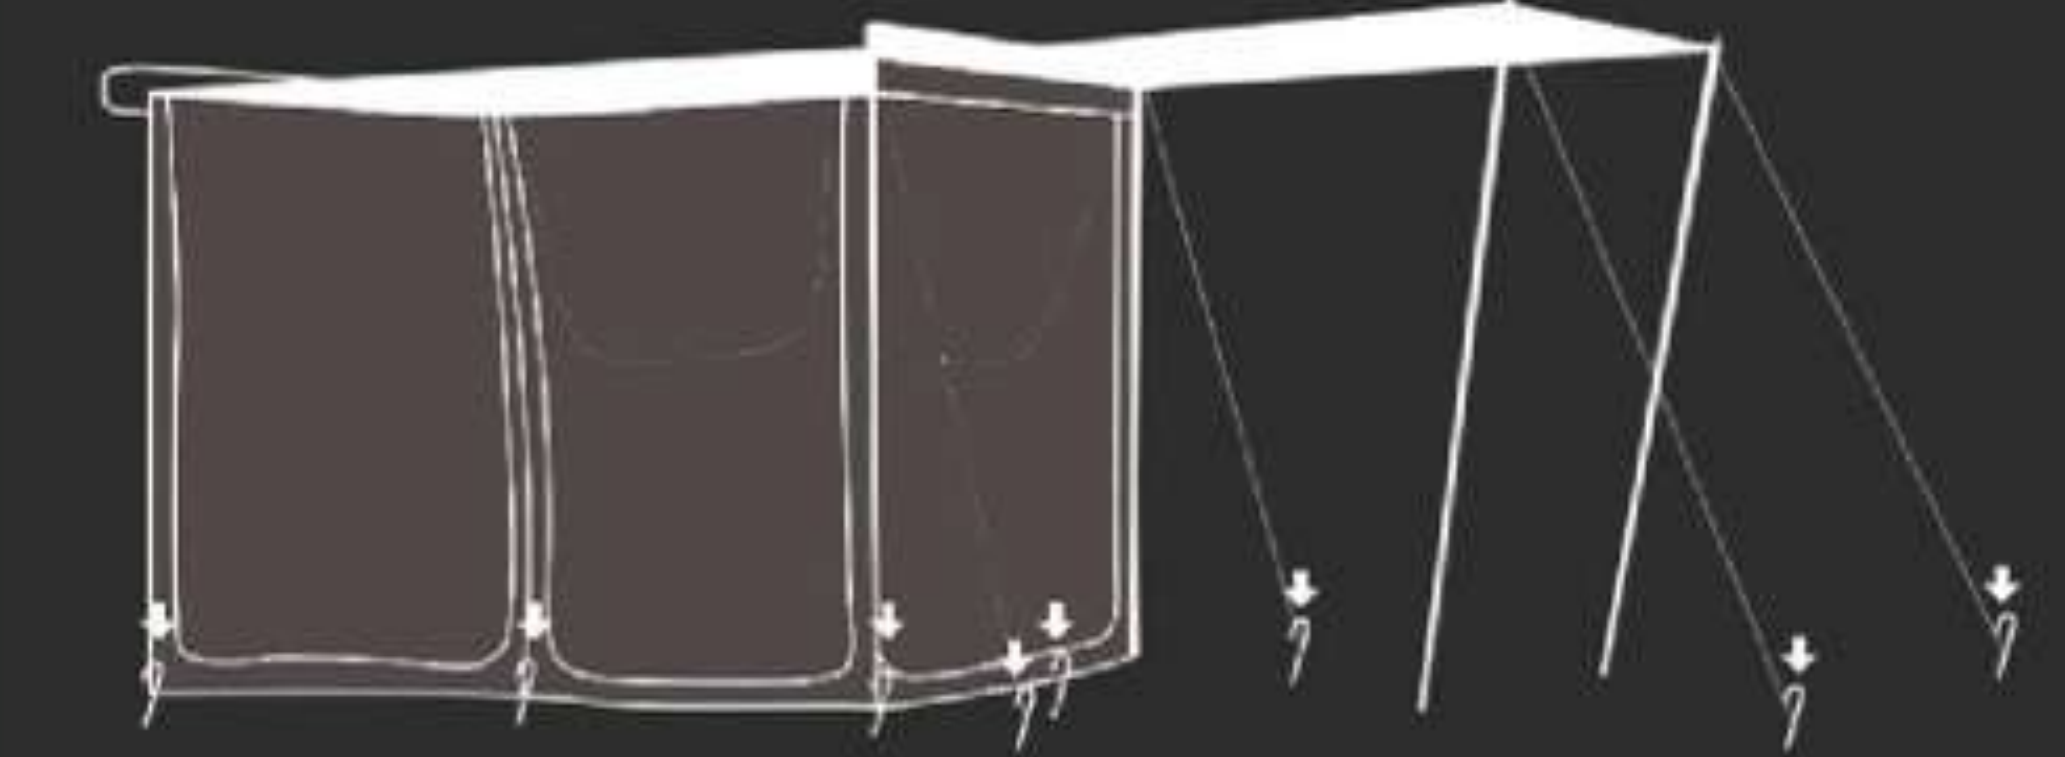

The fully enclosed ground design protects the interior of the tent from rainwater intrusion.

### Installation Steps

- ① Spread out the tent flat with the zipper end facing outwards, and secure the connecting curtain to the canopy panel using the slot.
- ② Connect both ends of the tent to the main canopy body.

- ③ Fix the tent's buckle fasteners onto the canopy poles.
- ④ Install the ground stakes to secure the tent, and set up the vestibule curtain (poles need to be purchased separately).

CEILING FIXING BRACKET PRO EDITION

Ceiling Fix Bracket Pro, High-Strength, Lightweight

## HARDSHELL ROOF TENT PRO

The ARCANE WARRIOR Hard Shell Roof Tent is a rapid setup tent specifically designed for car camping. It utilizes hydraulic poles, enabling assembly in just 3 minutes, making your camping experience more convenient. Constructed with high-quality materials, it is sturdy and durable, suitable for various weather conditions. The spacious interior can accommodate a family, making it an ideal choice for outdoor gatherings or family trips. The hard shell roof tent allows you to easily immerse yourself in nature and enjoy the outdoors.

### ► Recommended Vehicle Type and Size

Recommended Vehicle Type: Pickup Truck

Closed Size: 1606\*1330\*332mm

Expanded Size: 2080\*1606\*1200mm

#### Spacious Area, Upgraded Large Space

Open a new way for car outdoor adventures.  
Easily accommodating 2-3 people.

#### 3min Quick Setup

Equipped with hydraulic poles. Quick opening and closing.  
Open without effort, a pull to mention the easy operation.

#### Comfort

Unfazed by heavy rain and cold waves.  
Creating a comfortable outdoor sleeping environment.

# AUTO CANOPY

#### Unique Design Appearance

Newly Upgraded Hard Shell,  
The slanted hardtop opening reveals an even larger space.

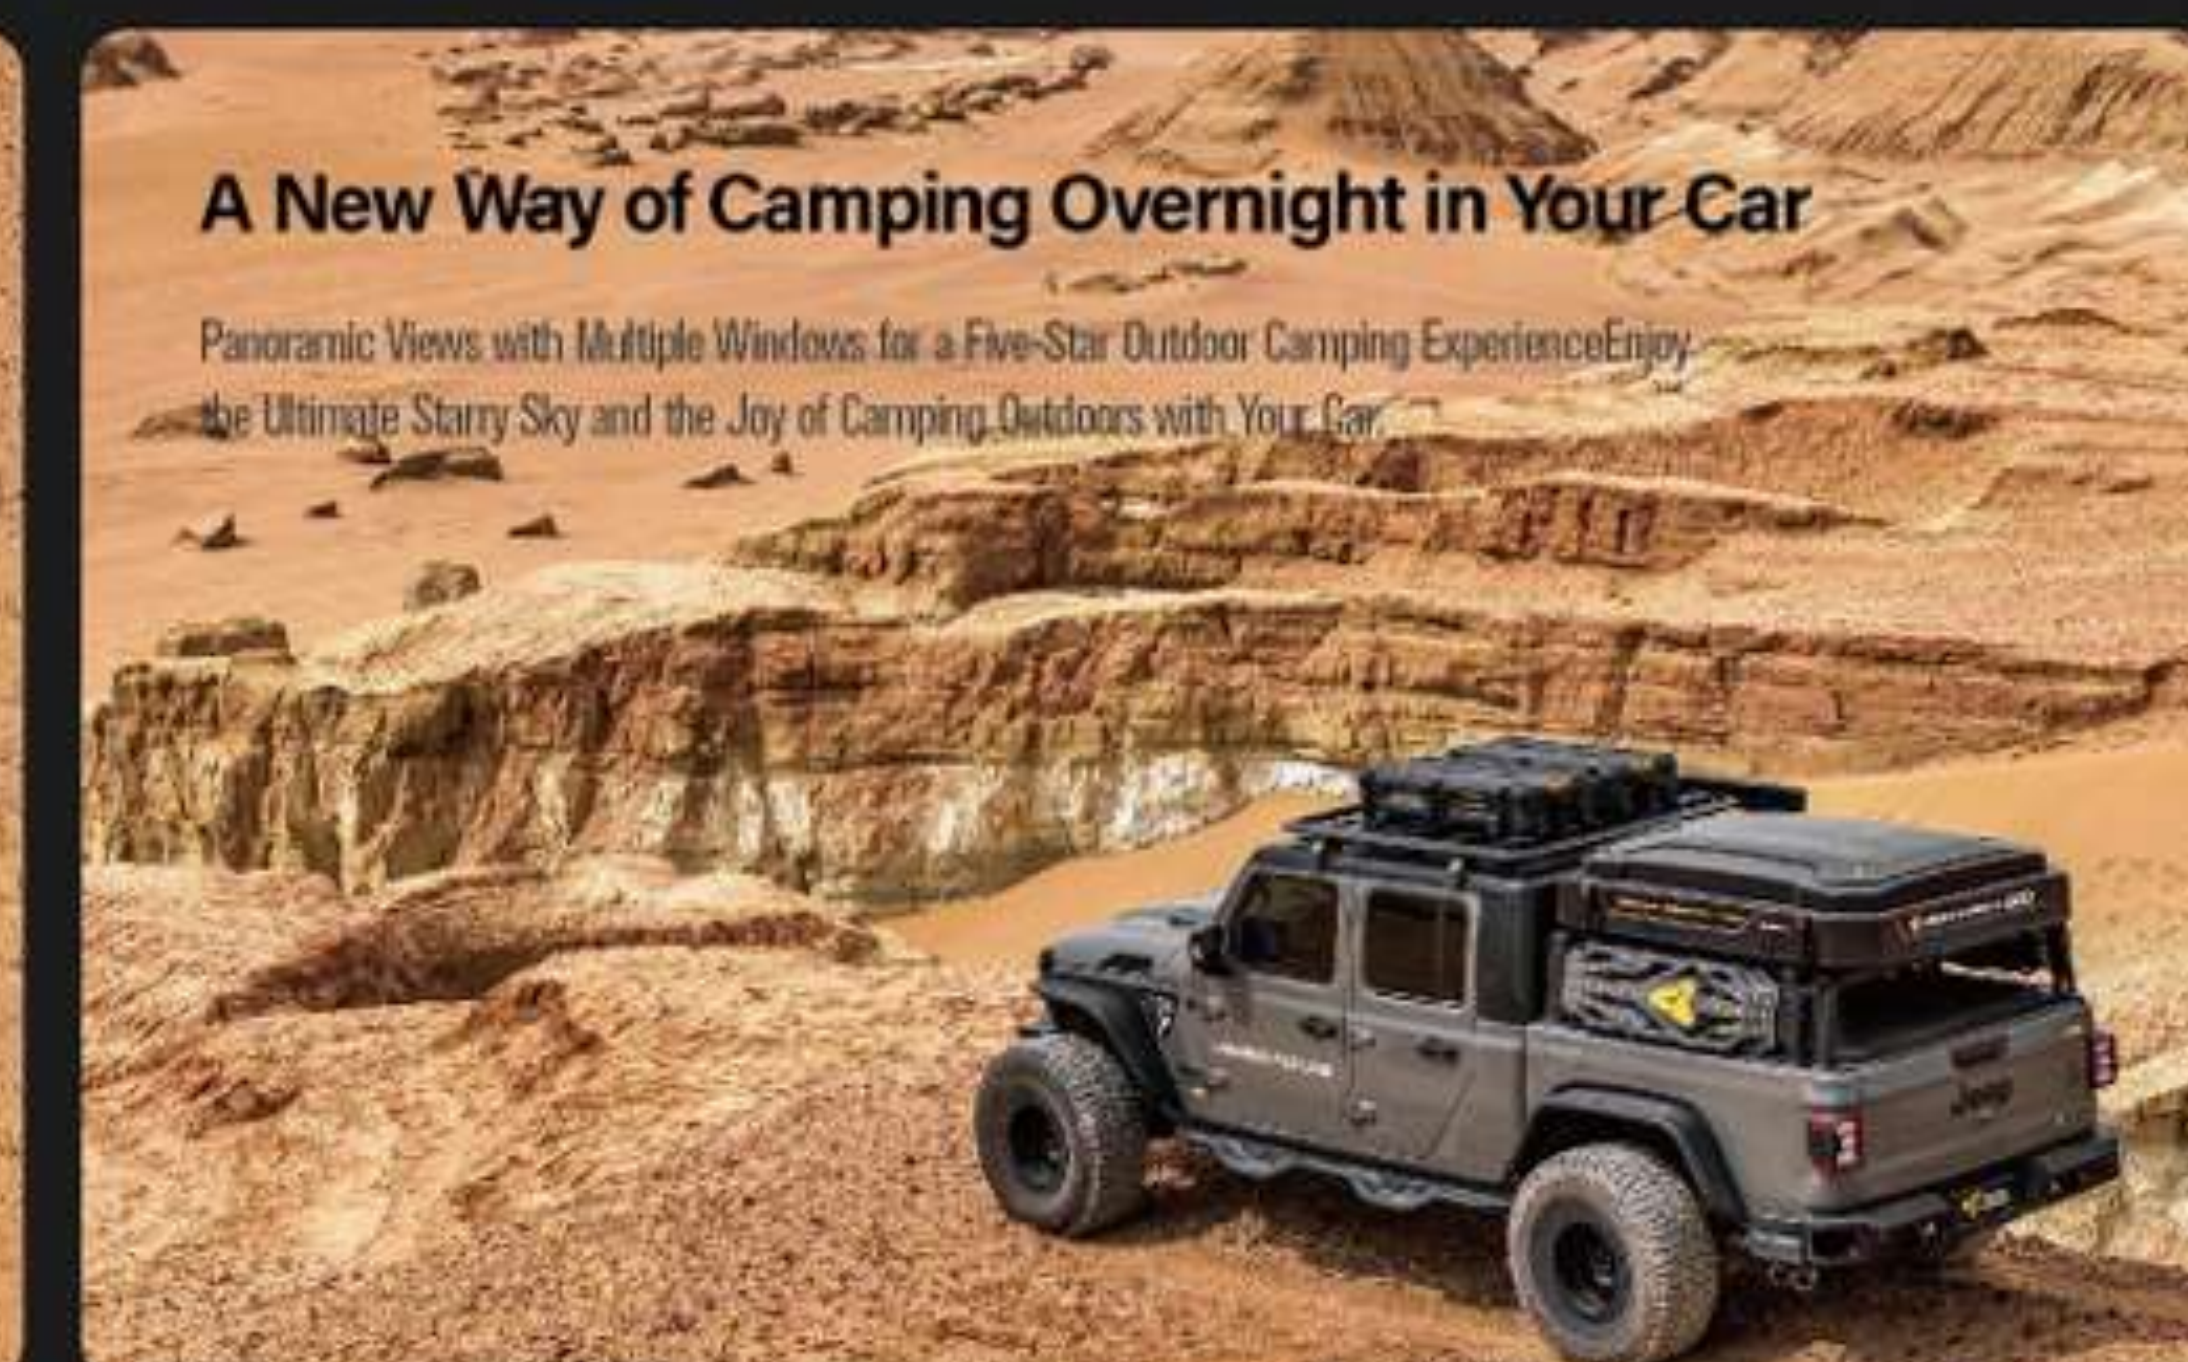

#### Extension Curtain

Compared to various types of roof tents,  
it opens reasonably to maximize space utilization.

#### A New Way of Camping Overnight in Your Car

Panoramic Views with Multiple Windows for a Five-Star Outdoor Camping Experience. Enjoy  
the Ultimate Starry Sky and the Joy of Camping Outdoors with Your Car.

# LANDING

**FOLDING CHAIR**

## Compact folding size for better space-saving

Easily fits in the trunk for lightweight and convenient travel.

Unfolded Size

**0.21 M<sup>3</sup>**

Folded Size

**0.02 M<sup>3</sup>**

## Lightweight yet Sturdy

Weights only 3.6kg  
Capable of supporting up to 110kg

## 5-step Setup

Fold and store effortlessly, quick and easy to access and fold.

STEP 01

STEP 02

STEP 03

STEP 04

STEP 05

# MAGNETIC CAMPING TABLE

## Magnetic Positioning Panel

Multi-point magnetic locking for convenient panel replacement.

## Stepless adjustable legs for height adjustment as desired

Stable support even on uneven ground.

## Aluminum alloy die-casting

Lightweight yet sturdy.

## Swift Extension System with Abundant Accessories

Extendable potential to meet camping needs.  
Versatile play methods ompatible with the IGT Extension System,  
with over 20 accessories available.

# SELF-MADE CAMPING BED/PILLOW

## Rapid inflation

The cover can be unscrewed to turn on the outdoor sleeping mode, and fully inflate automatically in 10min. You can also use the inflatable device to help inflate, 1-3min can be filled quickly.

## Wide Bed Surface for Comfortable Turns

The enlarged bed surface provides a spacious and comfortable sleeping environment.

## Compatible with Self-Made Camping Pillow Portable and self-inflating, saving effort and time

Lightweight and durable, perfect for a quiet outdoor nap.

## Filled with 25D FREE Memory Foam

High-resilience self-inflating foam ensures no shifting when lying down,  
providing full support for a more comfortable sleep.

## TEMP+1° SLEEPING BAG

### Splash-Resistant Calendared Technology

Lightweight, breathable, highly resilient, and ultra-durable.

### Windbreak Strip Design

Effectively prevents cold air from entering through the zipper gap, ensuring optimal thermal insulation of the sleeping bag.

## TEMP+1° CO1 PRO SLEEPING BAG

### Automotive Outdoor Down Sleeping Bag

Suitable for various camping scenarios such as deserts and mountains, easily adapting to outdoor climates including humidity and low temperatures.

### Dense Filling for Balanced Warmth

Comfortable touch and tear resistance, combining lightweight fabric with high-loft duck down.

## OUTDOOR SOFTSHELL ICE BAG

### Long-lasting Warmth, Effective Freshness.

Preserves the freshness and taste of food.

### 18L Dense Filling for Balanced Warmth

Can hold up to 30 cans of 330ml drinks or 18 bottles of 550ml mineral water.

## TOILETRY STORAGE SET

### ► Set Includes:

#### Large Underwear Bag\*1

1 Large Underwear Bag  
(Can store 2-5 spring/autumn jackets)

#### Shoe Bag\*1

1 Shoe Bag  
(Can store 1 pair of sports shoes)

#### Underwear Bag\*1

1 Additional Small Underwear Bag  
(Can store 2-5 short-sleeved shirts)

#### Washing Bag\*1

Washing and Toiletry Bag  
(Can store 5-7 medium-sized toiletry items)

## OUTDOOR COOKING SET

### Complete Set of 29 Pieces

This comprehensive cookware set is designed to meet the needs of multiple people for easy outdoor cooking.

### Dual-function Knife-Fork

Made of food-grade PBT material, it can be used as both a spoon and a fork.

### Complete Set of Cookware

Lightweight and healthy aluminum material, resistant to high temperatures and wear, non-stick and easy to clean.

### Food-grade silicone material

Concave-convex design for better wear resistance and durability, soft silicone that is not afraid of high temperatures.

### User-Friendly Design

Dual-purpose draining lid and comfortable handle for easy cleaning.

### Integrated Storage Solution

Lightweight design for automotive camping, all packed in one convenient bag.

## SWIFT CUTTING SET

### All-in-One Set for Easy Cooking

High-quality kitchenware that holds the secret of delicious food.

### Lightweight Storage and Convenient Carrying

With diverse designs and 3-in-1 storage, it includes a carving knife, scissors, and cutting knife. This high-quality kitchenware set is fully functional.

## OUTDOOR CONDIMENT BOTTLES

### Outdoor Condiment Bottles

Threaded Snap-on Closure for Stacking Multiple Pieces  
Convex threaded snap-on closure design for easier access.

### Frosted Texture

Combination of frosted surface and glossy surface on the bottle body.  
The frosted surface provides non-slip grip, while the glossy surface allows for easy observation of contents inside the bottle.

## SHARING CUP

### Three Color Options for Casual Sharing Cups

Made of ADC12 die-cast aluminum and processed by 630g CNC machining, ensuring smooth surface finish.

### Take It Anywhere and Share the Fun

Fluid Geometric Design  
Flexible fluid lines connect and blend with geometric shapes.

## CUTLERY SET

### ► Set Includes:

#### Portable Sealed Foldable Bowl \*1

· Large capacity, easy to fold and store. When unfolded, the rated capacity is 850ml, and the folded thickness is only about 4.7cm.

#### Portable Foldable Cup \*1

· Compact and portable, freely scalable. When unfolded, the rated capacity is 250ml.

#### Portable Foldable Cup \*1

· Integrated storage, convenient to carry, and can hold forks and spoons inside the bowl.

► **OUTDOOR STORAGE SYSTEM**

**FLEX**

ARCANE WARRIOR is fully committed to overcoming all storage challenges in outdoor activities, not only excelling in car travel but also providing excellent storage solutions. Its product line includes FLEX outdoor gear boxes, traditional three-proof gear boxes, and an upcoming series of roof boxes that are being actively developed. In addition, ARCANE WARRIOR will continue to strive to create even more outstanding outdoor storage solutions.

Brand-new FLEX Design: Every adventure is a new experience, and every journey is a departure for exploring the world. The storage system not only provides you with fast and stable connections, but also boasts internal flexible combination space, ready to tackle various outdoor activities. With its high-quality waterproof, dustproof, and shock-resistant design, FLEX SYSTEM is your most trustworthy partner on the road.

# FLEX

## FLEX GEAR BOX

At ARCANE WARRIOR, we deeply understand that every adventure is an unparalleled experience, and every journey is a heartfelt embrace of the unknown world. Our carefully crafted storage system not only provides rapid and stable connections, but also boasts flexible and versatile internal combination spaces, effortlessly accommodating the needs of various outdoor activities.

The FLEX SYSTEM has undergone rigorous quality testing, featuring high-quality waterproof, dustproof, high-temperature resistant, and impact-resistant design. It ensures stable and reliable performance in various harsh environments. It is not just an outdoor gear; it is your most trustworthy loyal companion on the adventure path, accompanying you to conquer the unknown and create limitless possibilities.

### Outdoor Performance

Suitable for various outdoor environments, with professional-grade sealing standards and excellent shock resistance.

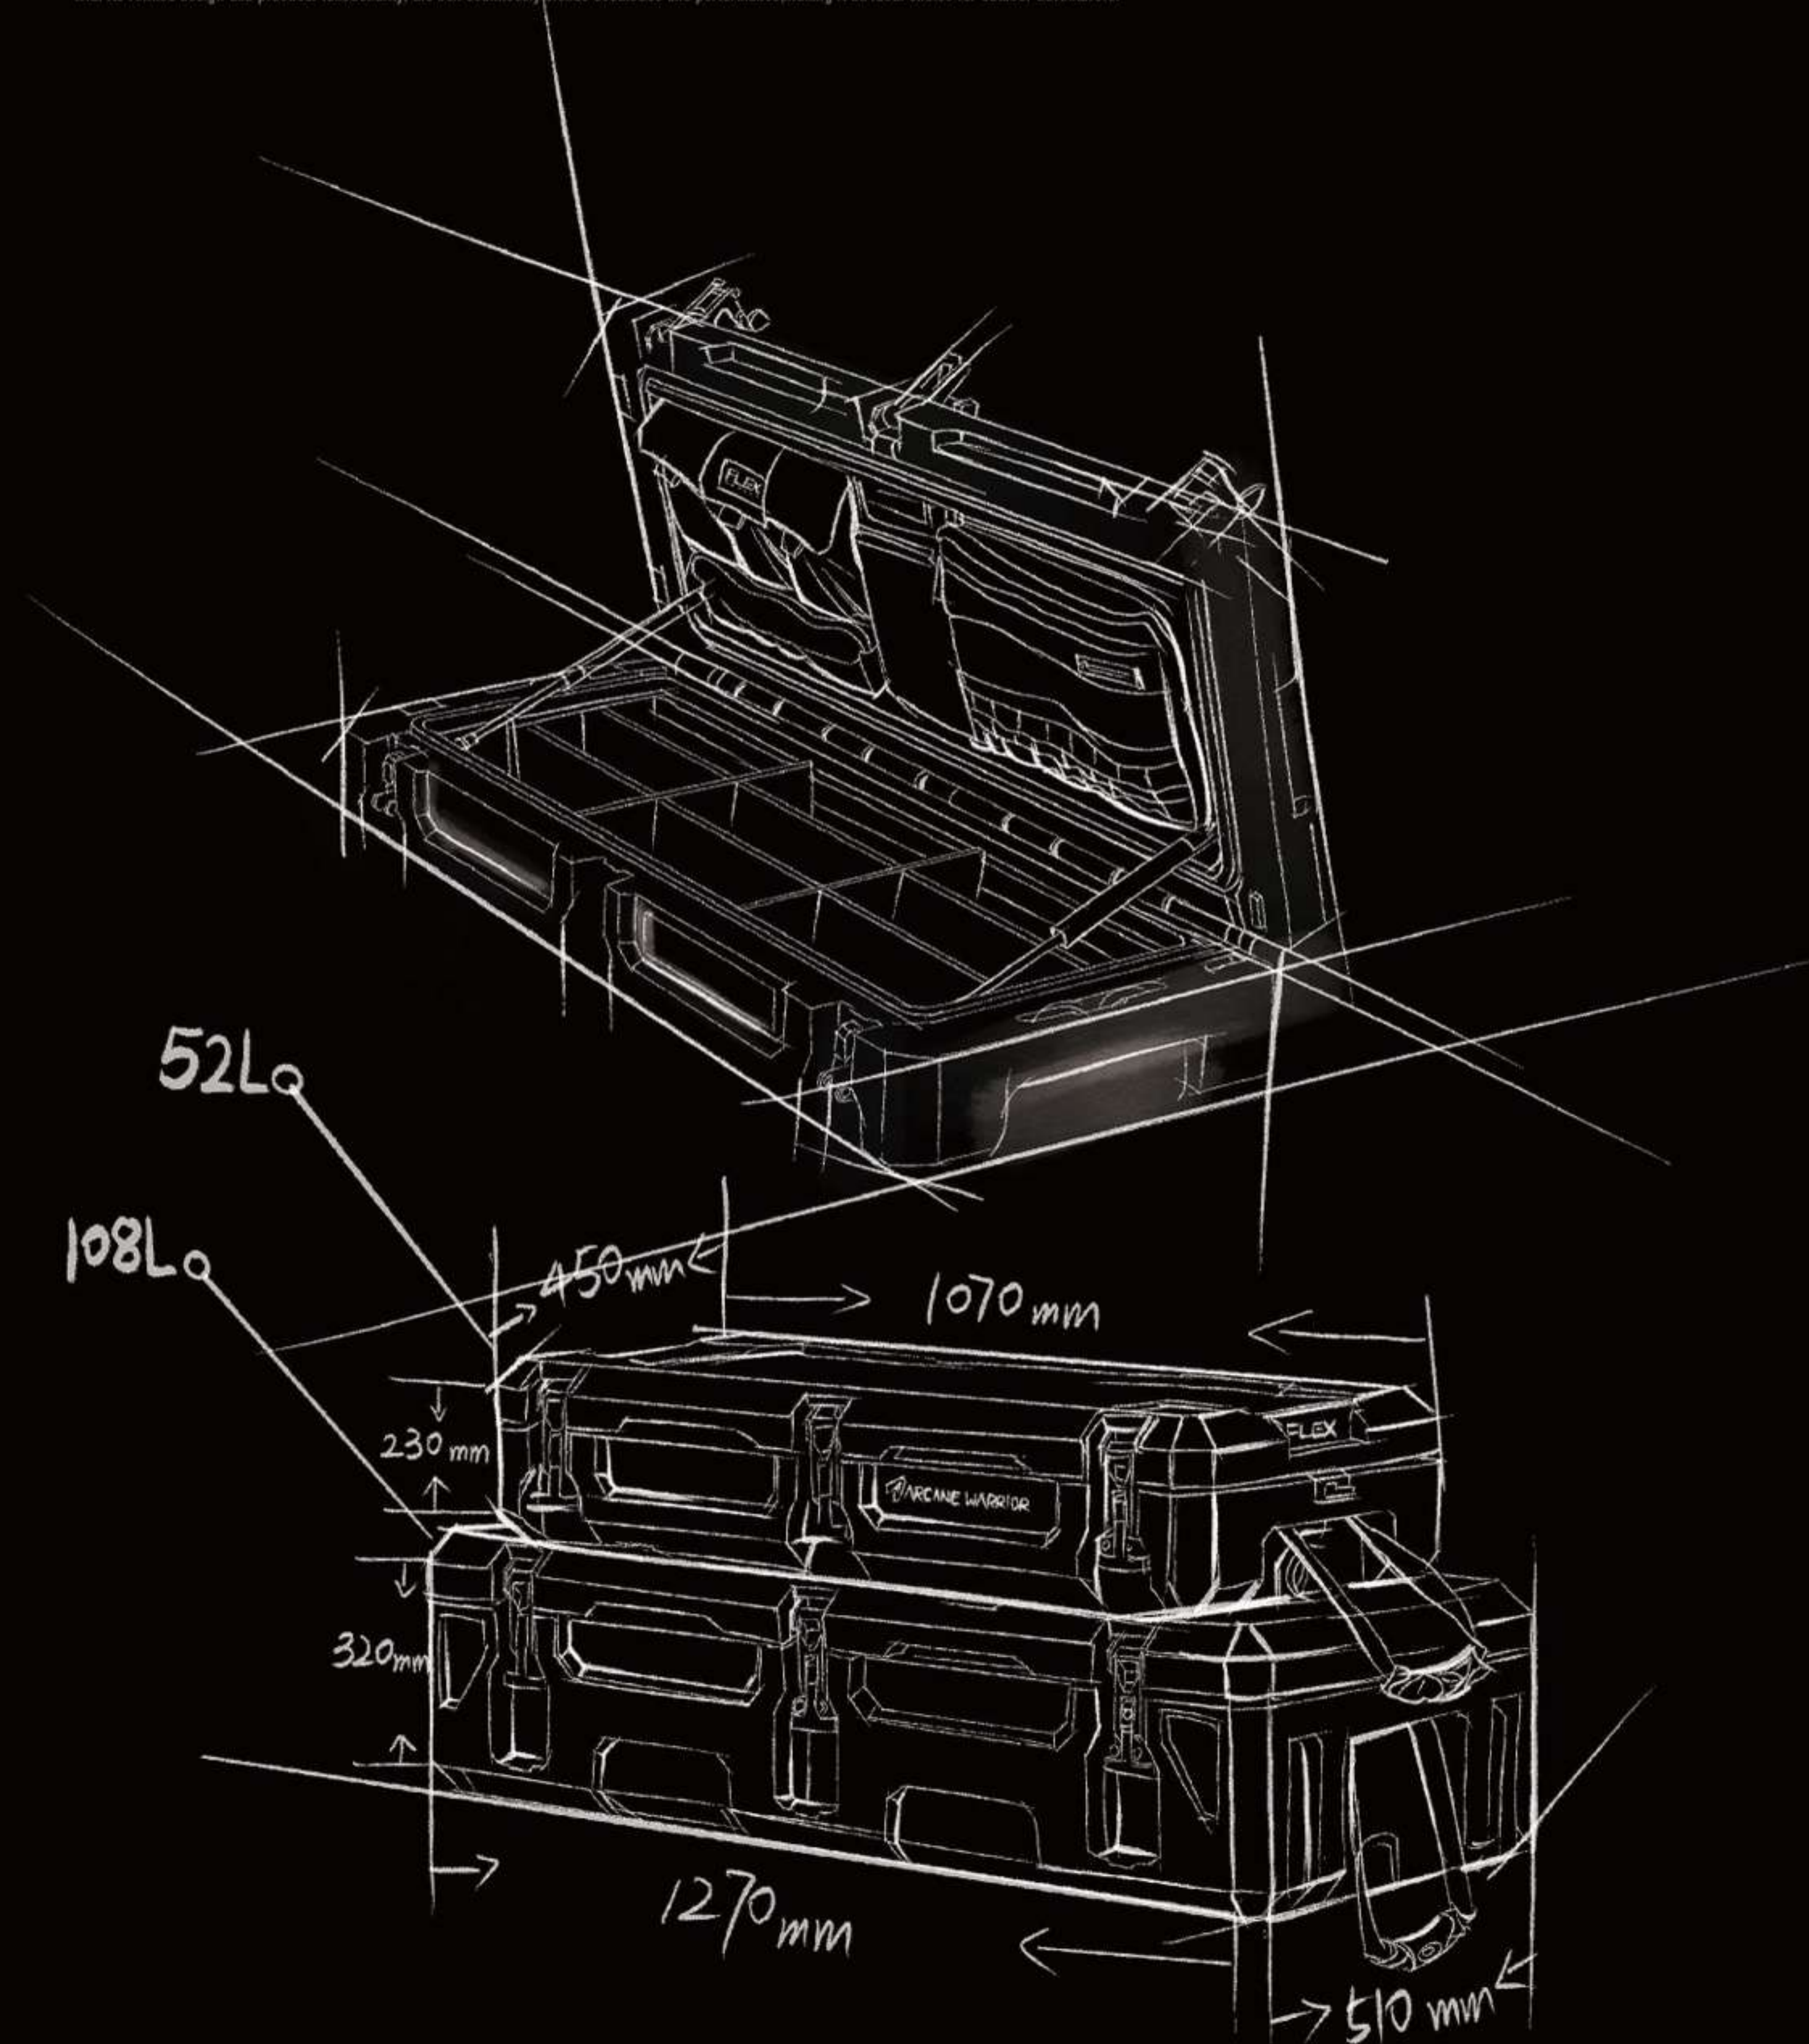

## Product Design Language

The ARCANE WARRIOR FLEX outdoor gear box integrates modern industrial style with the outdoor adventure spirit. Its lines are sleek and sturdy, with a solid structure that embodies the determination and strength of the adventurer.

The quick-release base perfectly integrates with the FLEX system, allowing for rapid and convenient installation.

The carbon steel structure enhances load-bearing capacity and stability, while the expandable panels and storage bags inside the box provide organized and efficient storage.

With its refined design and practical functionality, the box seamlessly blends aesthetics and performance, making it an ideal choice for outdoor adventurers.

# ► Extensive Expandability

The ARCANÉ WARRIOR outdoor gear box excels in its expandability. The box top is designed with multiple mounting points for easy attachment of outdoor equipment such as flashlights and solar chargers.

Inside the box, the upper cover expansion board creates an additional platform for quick access to equipment, while also being equipped with abrasion-resistant and waterproof expansion storage bags for organized storage of small items. Whether it's a long-distance journey or a short camping trip, this gear box can meet your storage needs and become an indispensable outdoor partner.

Top Cover Extension & Storage Pouch

Expandable Divider Panels and Foam

## Internal Expansion

The ARCANÉ WARRIOR outdoor gear box features a sophisticated and practical design for internal expansion. The upper cover expansion board instantly creates an additional platform, providing dedicated space for your photography equipment and other essential devices for easier access. Inside the box, durable and waterproof expandable storage packs allow for detailed categorization and storage of small items such as batteries, chargers, and more, keeping your gear organized and ready to face outdoor challenges at any time.

### Upper Cover Expansion Board

- Flexible attachment
- For various items made of aluminium alloy with sandblasting and oxidation for a smooth and delicate touch

### Expandable Storage Pack

- Adds storage space for 10-20 outdoor items
- Constructed with built-in PP plastic panels for a sturdy and aesthetically pleasing overall look

### Dividers

- Flexibly partition the storage space with easy-to-insert modules
- Enhancing storage efficiency in a convenient and efficient manner

### Universal Sponge

- Customizable for different sizes of stored items
- Shock-resistant, abrasion-resistant
- And effective protection, already segmented into blocks for easy tearing by hand

External Roof Extension Board

## External Expansion

The ARCANÉ WARRIOR outdoor gear box also excels in terms of external expansion capabilities. The multiple thoughtfully designed mounting points on the roof of the box allow you to easily attach essential outdoor equipment such as flashlights and solar chargers. Whether you're embarking on a long-distance journey or a short camping trip, this gear box will safeguard your adventure with its powerful external expansion functions.

► Triple Protection Performance

High-quality waterproofing, dustproofing, and shock resistance. Excellent performance in high temperatures and heavy impacts. Easily withstands heavy rain and splashes, making it suitable for various harsh outdoor environments.

High-quality waterproof dustproofand shock-resistant design

► Quick-Release Structure

The ARCANE WARRIOR outdoor equipment box's quick-release base is specifically designed for automotive outdoor adventures. It perfectly fits the FLEX system, making installation simple and fast, requiring only two steps for secure attachment. The carbon steel structure design ensures superior load-bearing capacity of the base, ensuring stability even on rugged mountain roads or in harsh weather conditions. Whether you're conquering steep mountains or traversing vast deserts, this gear box will be your reliable assistant for outdoor adventures, allowing you to fully enjoy the thrill and passion.

► Multiple Capacity Options

Available in four sizes to meet different travel needs.

► Additional Features

Drain Valve on the Bottom Side of the Box

Equipped with a drain hole for easy cleaning and prevention of water accumulation.

Hydraulic Rod Support for Easy Opening

Silent Cushioning for Convenient Access with Hydraulic Lid Opening.

LED Gravity Sensor Light, Adding a Sense of Ceremony in the Dark

Lights up when the box is opened and turns off when closed, convenient for use in nighttime scenarios.

# BRAVE GRITTY POWER

## OUTDOOR GEAR BOX

The ARCANE WARRIOR outdoor equipment box series, including BRAVE, GRIT, and POWER, have been highly sought-after as popular AW products due to their outstanding design, exceptional performance, and comprehensive size options. The BRAVE series embodies courage and resilience, resistant to pressure and impact. The GRIT series is tough and durable, with a sturdy carbon steel structure. The POWER series offers practical strength and vast storage space. Whether you're conquering mountains or traversing deserts, they are your most reliable adventure partners, accompanying you to experience the thrill and passion.

### ► Triple Protection Performance

High-quality waterproofing, dustproofing, and shock resistance. Excellent performance in high temperatures and heavy impacts. Easily withstands heavy rain and splashes, making it suitable for various harsh outdoor environments.

### Multiple Size Options

Versatile coverage in capacity, shape, and color to meet various storage needs

### Outdoor Triple Protection Performance

Prevents water vapor and dust from entering the case.  
Waterproof for up to 30 minutes at a depth of 1 meter.  
IP67 waterproof rating

### With Sponge Partition

More choices, DIY combination for more stability and protection, suitable for precision equipment

# RECOVERY GEAR

V E H I C L E

## ► VEHICLE RESCUE EQUIPMENT

During outdoor off-road travels, highly reliable rescue equipment is essential. Therefore, the Off-road Equipment Master Series, inspired by the adventurous spirit of off-road enthusiasts, boasts a unique design style that redefines traditional rescue equipment. Sturdy, reliable, and fashionable. Each product is crafted with precision and care, aiming to assist off-road enthusiasts in conquering every obstacle. This series is our professional rescue equipment range tailored specifically for off-road enthusiasts, utilizing top-notch materials, craftsmanship, and design. We have infused more creativity into every product, making these traditionally functional items stand out from the rest.

*Off-road Equipment Master*  
越野装备大师

In outdoor off-road adventures, reliable rescue equipment is of paramount importance. The Off-road Equipment Master Series, deeply loved by off-road enthusiasts, serves as a source of inspiration for outdoor enthusiasts. Its profound trend influence has shattered the design paradigm of traditional rescue equipment, offering both sturdiness and reliability while highlighting its unique and exquisite appearance. We devote ourselves to crafting every product with precision and finesse, aiming to provide comprehensive support for off-road enthusiasts to face any challenges.

## ATR ALL-TERRAIN RESCUE BOARD

This product features an original design that combines both practicality and durability. From hand-drawing, modeling to prototyping, every detail embodies our dedication to design. Ergonomically designed handles ensure comfortable grip and ease of use. Stackable and fixable, it saves space. The dual-head shovel allows for easier removal of mud, sand, ice, and snow.

### -40°C Resistance to Fracture

Constructed with high-strength nylon PA6 material, our proprietary blend is designed to withstand extreme outdoor weather conditions, even at temperatures of -40°C. This material guarantees no cracking or fracturing even after continuous bending for 4 hours while maintaining a generous bending angle.

### Brand Icon, Integrated Anti-slip Cleats

The brand icon of Warrior Heart, featuring an integral injection molding design for anti-shedding, offers even more secure grip.

### 10t Heavy-Duty Load-Bearing Capacity

Suitable for various off-road SUV models. Easily supports full-loaded vehicle weight. Sturdy construction guaranteed by 1.65Mg of sufficient material.

## FLEXIBLE SHACKLE

### Bul Letproof Fiber, Wear-resistant.

This high-strength special fiber, often used in bulletproof vests, boasts a strength that is 15 times higher than steel.

### Dual-line Neck Design.

Reduces the risk of breakage, thicker rope for increased durability. High strength, sturdy and reliable.

## LORD SHACKLE

### CR40 High-grade Alloy Steel

Coupled with 6061 aluminum alloy. Offers exceptional comprehensive mechanical properties.

### Maximum Load Capacity of 6 tons, with 480h Salt Spray Corrosion Resistance.

Equipped with a trailer rope winch for easy disassembly.

## RESCUE KIT

### ► Includes

- Outdoor Storage Bag \*1
- Rope \*1
- shackle\*2
- Tactical Gloves\*1

### OFF ROAD MASTER TACTICAL GLOVES

OFF ROAD MASTER Gloves feature TPR rubber patches for impact resistance and enhanced joint protection, making them soft and easy to bend. These gloves not only demonstrate the brand's dedication to detail and quality, but also provide solid protection for every outdoor rescue mission. The touchscreen-compatible fingertips are compatible with most electronic devices.

#### Lightweight Craftsmanship with Solid Materials

Upgraded durability with KEVLAR material for enhanced abrasion resistance.

#### EVA Shockproof Padding Inside the Palm

Effectively absorbs shocks and alleviates hand fatigue.

#### Upgraded Protective Performance with TPR Rubber Patch

Made of soft and flexible material, it effectively protects the entire back of the hand, enhances joint protection, and offers superior shock absorption and impact resistance.

### BRAVE HEART SUPER TACTICAL GLOVES

#### 3D Mesh Fabric + Composite Step Fabric

Moisture-wicking and breathable, enhancing the flexibility of the gloves.

#### Thumb and Index Finger in PU Material

Compatible with Touchscreen Devices, Enabling More Convenient Use of Electronic Gadgets.

### ULTRA THIN HALF FINGER NON SLIP GLOVES

#### 3D Mesh Fabric, Ladder Fabric for Sweat Absorption and Breathability

Utilizing KEVLAR material for enhanced durability and abrasion resistance.

#### Touchscreen-Friendly Finger Design

Crafted with KEVLAR material for improved wear resistance and durability.

### ULTRA THIN OUTDOOR TAC TICAL GLOVES

#### Easy to Bend without Effort

With extra large bending space.

#### Elasticized Inner Band and Pull Strap Design

Ensures that the cuffs fit snugly around the wrist and are easy to hang.

TOW ROPE

20% Stretchability, Reducing Vehicle Damage

Resists violent pulling, providing strong impact resistance when towing vehicles to prevent secondary damage.

Constructed with 100% High-Strength Nylon

Emphasis on material selection, resistant to aging and corrosion, with a high-density edge that locks tightly, ensuring thickness and tightness.

TREE STRAP

Compatible with Various Rescue Equipment and Scenarios

Compatible with most off-road vehicle models.

High-Strength Stitching

Enhanced durability and safety for use.

EXTENDER

Multiple Rescue Equipment and Winches

Such as electric winches, hydraulic winches, and manual winches.

For Multiple Scenarios

Used to connect winch ropes and increase length for rescue towing.

LAN FLAG

Protective Rescue and Safe Towing

Effectively reduces rebound damage from tow rope breakage, protecting personnel and vehicles from harm.

Safety Warning with Reflective Strips

Alerts personnel and vehicles to avoid collisions, ensuring safer towing at night.

PULLEY

Bearing Capacity 8t

Compatible with Most Off-Road Vehicle Models.

Effectively Increases Rescue Anchor Points

Compatible with Various Rescue Equipment and Scenarios, Allows for Changing the Direction of Rescue Traction, Reducing Burden on the Rescue Vehicle.

## ► SAW EXCLUSIVE SALES MODEL

ARCANE WARRIOR innovative SAW channel franchising model has broken the disadvantages of the traditional dealer model. It efficiently connects the brand with retail stores, with clear hierarchical structures, effectively protecting the interests of dealers. The S-level dealers are regional senior authorized dealers with the highest authority, who can manage and distribute in city-level and provincial-level areas. The A-level dealers are urban core authorized dealers. The ARCANE WARRIOR authorized stores in each city are significant levels in ARCANE WARRIOR's nationwide layout. The W-level dealers are urban satellite stores, entry-level authorized dealers with a lower threshold, covering more remote cities. The SAW model adopts hierarchical permissions, allowing dealers to have more choices based on their actual situations and better develop with the brand.
